

Gold Canyon Golf Club and Resort

THE THREE BEST DRIVES IN GOLF TODAY.

For nearly two decades, Melex golf cars have been out-driving the competition, in comfort as well as performance. Now the Melex line is a threesome, making Melex the natural choice for any course.

At the top of the line is the Model 412. Its sleek aerodynamic design gives it sportscar-like styling, while a state-of-the-art speed control system allows the motor to draw only the power it needs at any given speed. The result is a far smoother ride, 25% more range on a single charge, and extended battery life.

The Model 252 and the 3-wheel 152 have

proven themselves to be reliable drives for many thousands of golfers. Both models feature a brake system that's virtually maintenance-free, an efficient, economical electrical system, and super-strong front suspension.

All Melex golf cars offer the competition's "luxury options" as standard features. These are the little touches that keep your golfers happy. Best of all, Melex golf cars are built to drive for distance. They're a lasting investment, year after year.

Peters® Technology Packs Pure Performance In Every Drop.

Now, Peters brings cutting edge technology to turf and landscape managers.

Peters® Water Soluble Fertilizers are engineered with purer, higher quality ingredients to rigorous standards. This guarantees safer, more effective performance — from bag to bag, application after application. And Peters is 100% soluble, with no residuals to clog or damage equipment.

Regardless of the formulation you choose, each application of Peters provides the exact ratio of all necessary nutrients. So you can quickly and safely make your best looking greens and tees look even better. And, turn problem areas into lush, green expanses.

For more than 40 years, Peters technicians have perfected the development of high quality

soluble fertilizers. Now, Peters is the standard of excellence for turf and landscape managers, too.

Contact your Grace-Sierra distributor or call us toll-free at 1-800-492-8255.

And get the edge of Peters technology working for you.

PETERS®
WATER SOLUBLE FERTILIZERS

In this domain, the King reigns supreme.

ASK FOR DETAILS.

■ Lightest footprint, best weight distribution to minimize compaction.

■ Exclusive nine blade reels with full-floating, articulate steering set the standard in fine greens mowing.

■ Power backlapping standard.

■ Patented Turf Groomer® for truer, healthier greens.

■ New, large, easy-to-use grass catchers.

■ Choose 16½ HP diesel or 16 HP gas engine.

A superior quality of cut makes the Greens King IV® the most popular greens mower in the world. With the lightest footprint in the industry, the Greens King has the best weight distribution between all three wheels to minimize compaction. **Exclusive features are standard.**

Exclusive, fully floating, pivoting reels steer through turns without scuffing or marking on the clean-up pass. Individual reel control and power backlapping are standard to keep reels sharp with less work. The Jacobsen quality reel sets the standard for fine greens mowing. All this at a competitive price.

New, large capacity grass catchers are easier to attach and remove. For maximum durability and

economy, choose the 16½ HP diesel with power steering or choose the 16 HP gas engine.

Greens King performance with the ultimate exclusive: Turf Groomer.®

Jacobsen's new, patented Turf Groomer greens conditioner gives a smoother, truer putting surface without grain. The unique design increases green speeds up to 25% without lowering height of cut, producing truer and healthier greens.

Now heavier, larger diameter rollers, higher side frame clearance and improved durability make the Turf Groomer better than ever. Quick-lift levers let you raise the Turf Groomer ¾" to skip conditioning.

See why the King reigns supreme. Contact your Jacobsen distributor for a demonstration.
