

Courses planned and approved across U.S.

Following is a chart containing the sites and contacts for new courses and renovations in the preliminary planning stages. When these courses are ready to begin construction they will be listed again in the "Courses newly approved in the U.S." chart.

We would appreciate your help in updating this section. To contact us call 207-846-0600 or write *Golf Course News*, P.O. Box 997, 38 Lafayette St., Yarmouth, Maine 04096.

Golf Course News is publishing this list monthly. It includes courses that have been approved around the country in the past month. In addition, the chart to the left contains the sites and contacts for new courses and renovations in the planning stages. When those courses are ready to begin construction they will be listed again in this "Courses newly

approved in the U.S." chart.

We would appreciate your help in updating this section. To contact us call 207-846-0600 or write *Golf Course News*, P.O. Box 997, 38 Lafayette St., Yarmouth, Maine 04096.

Signs That The New Cushman® Turf Master Has Arrived.

McCumber moves headquarters, expands division

ORANGE PARK, Fla. — McCumber Golf has relocated to new headquarters at "The Pavilion" here.

Mark McCumber's personal office is located here with his design team, led by golf course architects J. Christopher Commins and Michael Beebe. McCumber Construction and the Golf Facility Management divisions are also here.

Motivated by the sale and ongoing supervision of the Ravines, the Golf Facility Management Division has continued to expand its role within the corporation, administering contractors and daily operations of other golf clubs and resorts.

In addition to the move, Cheryl Robertson has joined McCumber Golf as the new director of communications. She completed her graduate studies at Florida State University in 1979 and has taught French and English in the area's community colleges. She was the Membership Coordinator for the PGA Tour from 1983 to 1990.

Anything Else will Sell You Short.

Compare feature after standard feature, and you'll arrive at one conclusion: the Cushman Turf Master is easier to calibrate, easier to operate, and the most accurate.

Compare the Vehicle.

No competitor provides the absolute ground speed control that's critical for precise spraying. You get

it — and a lot more — only from the Cushman Turf-Truckster™ vehicle.

Compare the Sprayer.

The latest from SDI features a new generation Hypro polypropylene pump, mechanical and bypass agitation, 15' or 20' booms, three pressure gauges — only a few of the many features the competition doesn't offer.

Compare the Facts for Yourself.

Call toll free 1-800-228-4444 for a free comparison brochure, or contact your Cushman dealer for a demonstration. You'll see that the Cushman Turf Master is far and away your best buy.
