

# ON 60 OF THE TOP 100 GOLF COURSES, THIS IS WHAT MOVES YOU.

Every two years, Golf Digest selects their top 100 golf courses in America. And 60 of those golf courses on the current list selected E-Z-GO as their top golf car. In fact, for the past 10 years, over 60% of those courses have used cars by E-Z-GO.

The Marathon Fleet by E-Z-GO is the finest selection of electric and gas golf cars available. From any manufacturer. Anywhere.

The Marathon Electric comes equipped with the new Solid State Energy Control. And the amount of money that will save you is shocking. You'll save on energy costs. You'll

save on maintenance costs because The Marathon Electric has fewer mechanical parts. And you'll get the highest efficiency in battery charging with E-Z-GO's exclusive high-tech U.L. approved Total Charge® II.

The Marathon Gas Car has a series of major design improvements. You'll get tremendous reliability. Plus E-Z-GO's exclusive Ground Speed Governor to contain speed going downhill. And get smooth controlled and dependable power going up.

Beyond all that, E-Z-GO supports you nationwide with 24 company owned

stores and 24 distributors. Nobody gives you a better golf car or better service than E-Z-GO.

If you need to replace any part of your fleet, call E-Z-GO toll-free at 1-800-241-5855. Find out more about the Marathon Fleet. You'll be in good company.

# THE THREE BEST DRIVES IN GOLF TODAY.

For nearly two decades, Melex golf cars have been out-driving the competition, in comfort as well as performance. Now the Melex line is a threesome, making Melex the natural choice for any course.

At the top of the line is the Model 412. Its sleek aerodynamic design gives it sportscar-like styling, while a state-of-the-art speed control system allows the motor to draw only the power it needs at any given speed. The result is a far smoother ride, 25% more range on a single charge, and extended battery life.

The Model 252 and the 3-wheel 152 have

proven themselves to be reliable drives for many thousands of golfers. Both models feature a brake system that's virtually maintenance-free, an efficient, economical electrical system, and super-strong front suspension.

All Melex golf cars offer the competition's "luxury options" as standard features. These are the little touches that keep your golfers happy. Best of all, Melex golf cars are built to drive for distance. They're a lasting investment, year after year.

Until now, most utility trucks have been better known for carrying repair bills than materials. Our new line of four utility trucks—built Jacobsen tough from end to end—changes all that.

For example, the 2315 has a durable 23.5 hp liquid-cooled diesel, 5-speed transmission with reverse and heavy-duty automotive-type clutch, creating a new standard of dependability.

The 2315 packs a 1,500 lb payload. Unlike other utility trucks, it comes complete with heavy-duty hydraulic dump box, removable side panels and tailgate, implement PTO, lights, full hydraulics and complete instrumentation—*standard*.

Our rugged line also includes the 20 hp gas model 2015 and the 1,000 lb payload, gas powered 810 Express and electric 610 Express. For maximum versatility and productivity,

the 2315 and 2015 can be outfitted with sprayer, top-dresser, aerator and spreader attachments. If you already have attachments, our universal mounting kit lets you use them on either truck.

To see them in action, ask your Jacobsen distributor for a demonstration today.
