## GLORSO LEAVES DYE, FORMS FIRM

DENVER, Colo. — Dean Glorso International Golf Course Design has been formed, with headquarters here.

Glorso, formerly senior director of design at Dye Designs International, has worked with Pete and Perry Dye to design and build golf courses around the world.

Dean Glorso

While at Dye Designs, Glorso directed and coordinated golf course designs in the United States as well as Spain, Japan, Thailand, Taiwan, Korea, France, Brazil and Australia.

An Illinois native, Glorso built his first bunker in 1968 in DaNang, Vietnam, while serving with the first Marine Airwing. He studied land surveying and civil engineering at Metro State College here and is a registered professional land surveyor in four states.

## GRI BREAKS GROUND IN JAPAN

DALLAS — Golf Resources, Inc., a golf course consulting company headed by PGA tour pro D.A. Weibring, recently broke ground on the le Petaw Golf Club in Hokkaido, Japan.

This 27-hole country club resort complex is just outside Sapporo. Course completion is scheduled late in this year.

Meanwhile, GRI recently was named the management firm for Crestwick Country Club in Bloomington, Ill. Bloomington is the home of Illinois State University, which Weibring attended in the early 1970s.

GRI provides agronomic consulting services to more than 30 golf courses throughout the world.

## MARRIOTT'S LEE COURSE GROWS IN

MARCO ISLAND, Fla. — Carved out of 180 acres of southwestern Florida cypress, palm and pine trees, the new golf course at Marriott's Marco Island Resort and Golf Club is scheduled for completion next fall.

The 6,925-yard par-72 course was designed by Joe Lee. The club will include the 18-hole championship course, 14-acre practice facility and a John Jacobs practical golf school.

The practice area will have chipping and putting greens, sand traps and a fairway bunker.

## SOUTH SEAS REBUILDS COURSE

CAPTIVA ISLAND, Fla. — South Seas Plantation Resort & Yacht Harbor has rebuilt its golf course at a cost of \$1.5 million.

The course was designed by Bates/Heard Golf Design. Partner Jerry Heard, a former PGA tour professional, is the golf director for South Seas.

The rebuilt course was constructed on the property's pre-existing course area. Among improvements to the nine-hole, par-36 layout were reshaped greens, new men's and women's tees, replanted fairways and roughs, and an upgraded drainage system.

## PGA Tour enters public marketplace

By Bob Seligman

Following this winter's opening of the Golf Club of Miami, PGA Tour officials said they intend to operate more public golf courses.

The Florida facility, which opened its third 18-hole course in January, joins The Golf Club of Jacksonville (Fla.), as public courses operated by the PGA Tour. The Tour runs several Tournament Players Club private, semi-private and resort courses.

Gary Dee, director of operations for PGA Tour Public Golf, Inc., said the announcement of a third public facility may come by

late May or early June.

Dee said the PGA Tour would like to open one or two public facilities a year for the next 10 years, and, ultimately, to have 15 to 20.

"It's a significant commitment of resources and staff of the PGA Tour. But compared to major operators of public facilities, it's not a lot," said Dee. "We'll pick our spots here and there. The TPCs will still be the primary thrust."

Dee said the new spots will likely be in warm climates, primarily in communities with at least 300,000 people living within a 30- to 40-minute drive. An ideal facility would have

27 to 36 holes. Public courses could eventually become part of a resort, but he is uncertain when, or if, that will happen.

Dee said greens fees will be \$20 and up. Current greens fees at The Golf Club of Miami range from \$6 in the off-season at its executive course to \$31 in-season at its West course. The Golf Club of Jacksonville charges \$15 on weekdays and \$19 on weekends.

The PGA Tour is aiming for 40,000 to 50,000 rounds per year at each facility.

Dee said the rise in golfers, particularly public-course players, is a driving force in the

## Player excited about designing Pinehurst #9

By Mark Leslie

PINEHURST, N.C. — Contemplating the nostalgia, the Golf Hall of Fame and the great architects who have designed courses at Pinehurst Resort and Country Club, Gary Player said it is a "great thrill" to be chosen to design Pinehurst #9.

"I've always had respect for the Pinehurst area, and to be able to put your ideas into your own course there is wonderful," said Player, who agreed in March to design the course.

Among the first five men inducted into the Golf Hall of Fame, the South African Player will join co-Hall inductees Arnold Palmer and Jack Nicklaus as having designed courses at Pinehurst. Sam Snead and Ben Hogan, the other two among the first group of inductees, have not designed layouts here.

Gary Player

Player said playability, good drainage and beauty are critical aspects of the design philosophy he will instill into Pinehurst #9, also called "The Holly Course" at Pinewild.

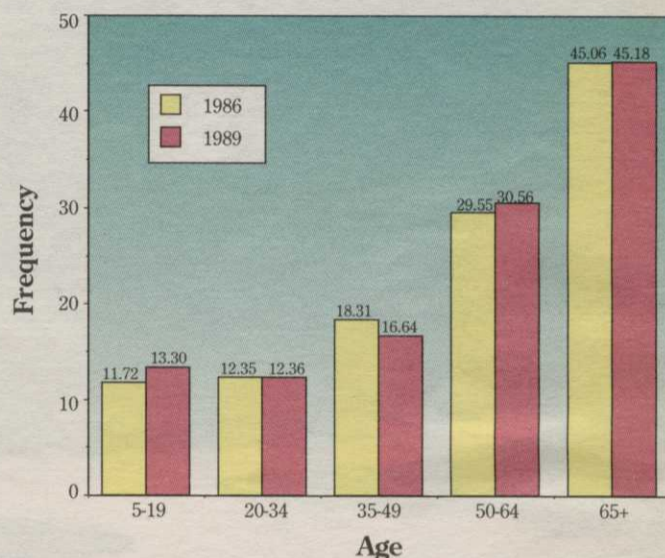

"I don't believe in the type of golf courses many are building today," he said, adding that golfers want to get away from the stress of life. "After playing some of the courses out there today, they have to go back to the office for a vacation."

Player said: "I'm 'anti' huge undulating greens. Members can hardly play them if the pros can't. I'm 'anti' hazards in front of greens. Ladies and the elderly are the backbone of the game, and you can't design hazards that penalize a straight shot. I believe in putting trouble on the side of greens.

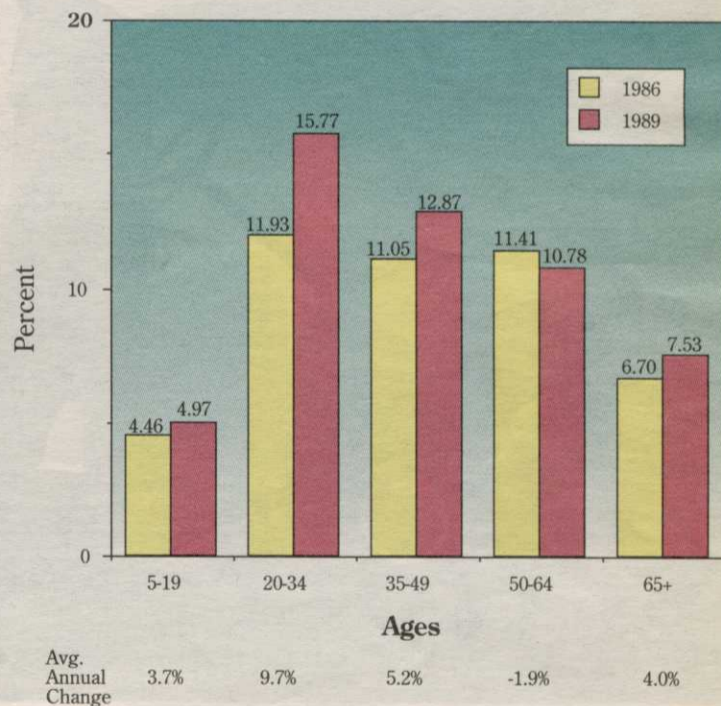

"I design flat greens with a neck where judgment on the second shot is vital," he added. "I'm a believer—and Scotland's courses are great examples—in being able to carry the ball to the flag or run it up. I'm also a great believer in variety of greens."

## McAnlis wins raves of distinction at Venice G&amp;CC

Golf course designer Ted McAnlis of North Palm Beach, Fla., has opened Venice (Fla.) Golf and Country Club this winter and has two other 18-hole courses under construction in the state.

Venice G&CC, the cornerstone of a golfing community that will include 500 homes, has received high marks since opening Jan. 12.

Under construction are Calusa Lakes in Laurel and a yet-unnamed course in Brooksville. Shaping has been done on 16 holes at Calusa Lakes and the course is expected to open in October.

The Brooksville site has a long construction schedule. McAnlis said the first nine

holes will be seeded in October.

Approved and with construction pending is 18-hole Stoneybrook in Bradenton. Meanwhile, planning is under way on Oyster Creek, an 18-hole executive course in Englewood, and University Commons, an 18-hole layout in Bradenton. Approvals are pending for the 27-hole Gardens Country Club in Palm Beach Gardens and the 18-hole Lakes of Indianwood in Indiantown.

At Venice G&CC, McAnlis said, "each hole has its own character," the front nine being routed through pasture and the back nine through pine and oak woods.

"The tee angles are critical to the design,"

McAnlis said, adding that he also likes to pitch his greens from back to front so the player can see the green on the approach shot.

One of McAnlis' favorite holes is the 428-yard dogleg left 10th, which features a series of island tees.

The par 72 course plays from 6,790, 6,380, 5,964 and 5,203 yards.

The site work contractors were Wendall Kent and Co. of Sarasota and Deans Contracting of Venice. The shaping was done by Richard Laconte of Stuart, while the irrigation and finish work were completed by MGI Inc. of Clearwater.

Rob Roy is Venice G&CC's professional.
