NCA reports new chapters forming

The National Club Association has reported attempts in several states to organize chapters, in part to fight anti-discrimination legislation aimed at clubs' private status and access to licenses.

Clubs in Connecticut held a special meeting in January, led by NCA Director and Past President Herbert L. Emanuelson Jr. at the Quinnipiack Club.

Club officials in New York, New Jersey and Virginia are also considering chapters, as well as Illinois, which faces legislation similar to New York City's Local Law 63.

NYCLL63 redefines a private club as a public accommodation if it has more than 400 members, provides regular meal service, and regularly receives payment directly or indirectly from or on behalf of nonmembers in furtherance of business.

NCA chapter status relies on dual membership. Clubs in the defined area must be dues-paying members of the NCA and the chapter.

operate their facilities.

The company's most recent acquisition, in March, was Brandywine Country Club in Maumee, Ohio, which opened in 1962 as one of architect Arthur Hills' first designs. Brandywine has an 18-hole and a nine-hole course.

AGC also opened El Toro (Calif.) Community Golf Center, with four PGA golf professionals, on March 30. It is the firm's fifth practice area, joining others in Los Angeles, San Francisco, Chicago and New York.

Meanwhile, AGC signed an agreement with the County of Los Angeles to lease and operate Knollwood Golf Course in Granada Hills.

The 18-hole, par-72 public course will be directed by Kevin Roberts, AGC senior vice president of the Western Region.

SINCE
WE INTRODUCED
OUR FUNGICIDE,
IT'S JUST
NOT SHOWING
UP IN A LOT
OF PLACES.

To minimize employee exposure and handling, we introduced Pace® in water-soluble packets.

The result? No dust, no measuring, and no need to haul leftover containers to some special waste dump.

These benefits, plus a unique chemistry that combines systemic and contact properties, make Pace the best fungicide for Pythium found anywhere.

Anywhere, that is, except the human body.
