

In Case Of Pythium Break Open This Case.

Koban® turf fungicide kills Pythium instantly—on contact.

Keep Koban on hand because, left untreated, Pythium can spread like wildfire.

Koban is the most effective Pythium control available. In over 20 years of use, there's never been a reported case of resistance. It's the brand more and more superintendents are using, because they know

they can trust it, completely.

Koban is available in two convenient formulations—30% wettable powder or 1.3% granular. You can spot apply the granular without interrupting play. And increase the effectiveness of your systemic preventive program by rotating in either formulation at low rates.

Call your Grace-Sierra distributor today. Or for more information call us toll-free at 1-800-492-8255.

And get a case or two of Koban right now. Keep it handy, just like you do a fire extinguisher.

Just in case...

CIRCLE #101

For Consistent Superior Growth Apply Just

ONCE™ gives you consistent, superior turf color and growth because it feeds continuously—all season.

ONCE eliminates the “feast or famine” effects of conventional fertilizers. This insures uniform, superior growth—with even mowing cuts. And minimal nutrient pollution.

ONCE was developed using our OSMOCOTE® resin coating technology, the leading controlled release fertilizer worldwide. This unique system meters nutrients continuously—every day—for a full season.

Because release is based *only* on temperature—not water, pH, or bacteria as with other fertilizers—nutrient availability matches turf and plant growth needs.

ONCE is available in a variety of analyses and 8-9 and 5-6 month longevities.

ONCE. Contact your Grace-Sierra turf/landscape distributor or call us toll-free at 1-800-492-8255.

Use ONCE, just once, for the best results all season long.

GRACE SIERRA

To Save Reapplication Costs Apply Just

ONCE™ eliminates labor and other costs of fertilizer re-applications because you apply it only once per season.

This improves manpower forecasting and frees your time for other projects. Plus, you get consistent, superior turf and ornamental growth with no “feast or famine” effects of other fertilizers.

ONCE was developed using our OSMOCOTE® resin coating technology, the leading controlled release fertilizer worldwide. This unique system meters nutrients continuously—every day—for a full season.

Because release is based *only* on temperature—not water, pH, or bacteria as with other fertilizers—nutrient availability matches turf and plant growth needs.

ONCE is available now in a variety of analyses and 8-9 and 5-6 month longevities. There is also a formula specifically for ornamentals.

Contact your Grace-Sierra turf/landscape distributor or call us toll-free at 1-800-492-8255.

Use ONCE, just once, for the best results all season long.

GRACE SIERRA

For Rapid Turf Recovery Apply Just

ONCE

SEASON LONG TURF FERTILIZER

GRACE SIERRA

ONCE™ promotes rapid turf recovery because it makes nutrients available continuously — *every day* — in amounts needed by turf.

This speeds turf recovery and promotes better stress and disease resistance. Plus, you get more consistent mowing cuts (no flushes) and superior turf color and density.

ONCE was developed using our OSMOCOTE® resin

coating technology, the leading controlled release fertilizer worldwide. This unique system meters nutrients continuously — every day — for a full season.

Because release is based *only* on temperature — not water, pH, or bacteria as with other fertilizers — nutrient availability matches turf and plant growth needs.

ONCE is available in two longevities (8-9 month,

and 5-6 month for northern climates) and a variety of analyses. There is also a Potassium-specific formula for highly stressed areas.

Gold Canyon Golf Club and Resort

THE THREE BEST DRIVES IN GOLF TODAY.

For nearly two decades, Melex golf cars have been out-driving the competition, in comfort as well as performance. Now the Melex line is a threesome, making Melex the natural choice for any course.

At the top of the line is the Model 412. Its sleek aerodynamic design gives it sportscar-like styling, while a state-of-the-art speed control system allows the motor to draw only the power it needs at any given speed. The result is a far smoother ride, 25% more range on a single charge, and extended battery life.

The Model 252 and the 3-wheel 152 have

proven themselves to be reliable drives for many thousands of golfers. Both models feature a brake system that's virtually maintenance-free, an efficient, economical electrical system, and super-strong front suspension.

All Melex golf cars offer the competition's "luxury options" as standard features. These are the little touches that keep your golfers happy. Best of all, Melex golf cars are built to drive for distance. They're a lasting investment, year after year.

**Paul R. Latshaw, Superintendent
Wilmington CC, Montchanin, DE**

The latest 'word' in bentgrass is PennLinks.

Paul Latshaw is spreading the word.

Paul Latshaw holds the distinction of being the only superintendent of golf clubs hosting 3 major tournaments. With Paul's reputation, expertise and candor, he's a powerful promoter for PennLinks.

"I know PennLinks to be the finest creeping bentgrass available. I know it's been time-tested on the North Course greens here at Wilmington Country Club since fall of 1984.

"I know PennLinks has an extensive root system, heat tolerance, and requires very little grooming or verticutting because of its upright growth.

"The upright growth habit convinced me to overseed the fairways at Wilmington. I know time will prove I made the right choice. And I like that, too.

"PennLinks. Spread the word."

The Book That Inspired The Movie.

Our story takes place at a golf course. It's all about money. And how you can make more of it in the golf business.

In "Winning The Golf Car Game" we take you behind the scenes and demonstrate what you can do to significantly increase your profits. It's a must see. It's from Yamaha. And it's yours **free** when you return your reply card or call 1-800-447-4700.

YAMAHA USA
Better in the long run.

ON 60 OF THE TOP 100 GOLF COURSES, THIS IS WHAT MOVES YOU.

Every two years, Golf Digest selects their top 100 golf courses in America. And 60 of those golf courses on the current list selected E-Z-GO as their top golf car. In fact, for the past 10 years, over 60% of those courses have used cars by E-Z-GO.

The Marathon Fleet by E-Z-GO is the finest selection of electric and gas golf cars available. From any manufacturer. Anywhere.

The Marathon Electric comes equipped with the new Solid State Energy Control. And the amount of money that will save you is shocking. You'll save on energy costs. You'll

save on maintenance costs because The Marathon Electric has fewer mechanical parts. And you'll get the highest efficiency in battery charging with E-Z-GO's exclusive high-tech U.L. approved Total Charge® II.

The Marathon Gas Car has a series of major design improvements. You'll get tremendous reliability. Plus E-Z-GO's exclusive Ground Speed Governor to contain speed going downhill. And get smooth controlled and dependable power going up.

Beyond all that, E-Z-GO supports you nationwide with 24 company owned

stores and 24 distributors. Nobody gives you a better golf car or better service than E-Z-GO.

If you need to replace any part of your fleet, call E-Z-GO toll-free at 1-800-241-5855. Find out more about the Marathon Fleet. You'll be in good company.

Until now, most utility trucks have been better known for carrying repair bills than materials. Our new line of four utility trucks—built Jacobsen tough from end to end—changes all that.

For example, the 2315 has a durable 23.5 hp liquid-cooled diesel, 5-speed transmission with reverse and heavy-duty automotive-type clutch, creating a new standard of dependability.

The 2315 packs a 1,500 lb payload. Unlike other utility trucks, it comes complete with heavy-duty hydraulic dump box, removable side panels and tailgate, implement PTO, lights, full hydraulics and complete instrumentation standard.

Our rugged line also includes the 20 hp gas model 2015 and the 1,000 lb payload, gas powered 810 Express and electric 610 Express. For maximum versatility and productivity the 2315 and 2015 can be out-

fitted with sprayer, top dresser, aerator and spreader attachments. If you already have attachments, our universal mounting kit lets you use them on either truck.

To see them in action, ask your Jacobsen distributor for a demonstration today.
