GCSAA ELECTS OFFICERS

William Roberts of Lochmoor Club in Grosse Pointe Woods, Mich., was elected president of the Golf Course Superintendents Association of America replacing outgoing President Stephen Cadenelli during the Golf Course Superintendents Association of America's International Conference and Show last month in New Orleans.

Randy Nichols of Cherokee Town & Country Club in Dunwoody, Ga., was elected vice president and Joseph Baidy of Acacia Country Club in Lyndhurst, Ohio secretary/treasurer.

Elected to two-year terms on the board of directors were incumbents Bruce Williams of Bob O'Link Golf Club in Highland Park, Ill., and Randall Zidik of Rolling Hills Country Club in McMurray, Pa., along with newcomer Paul McGinnis of Union Hills Country Club in Sun City, Ariz.

SOD FARM INTERNSHIPS OFFERED

Turfgrass management students or those in related programs who are interested in working on a sod farm can submit resumes to the American Sod Producers Association's Summer Intern Program.

Students should send resumes to ASPA Program Administrator Tom Ford at 1855-A Hicks Road., Rolling Meadows, Ill. 60008.

Sod farms seeking seasonal employees can contact Ford at 708-705-9898 or check listings in the association's bi-monthly Turf News magazine.

"Sod farms will benefit from this program by being able to easily identify and employ qualified, interested individuals, while the students will benefit by gaining significant hands-on experience in turfgrass sod operations," the ASPA said.

POLYMER TEST DETERMINES APPLICATION

PHOENIX, Ariz. — Aque Gel International, a distributor of polymers, now has a laboratory test that can accurately determine optimum application rates for polymer usage in all soil types and conditions.

Polymers are a water conservation material which, when used in turfgrass or agriculture, prove cost-effective in managing scarce water resources.

LOFTS AWARDS EIGHT SCHOLARSHIPS

BOUND BROOK, N.J. — Eight \$1,000 Peter Selmer Loft Memorial Scholarship Awards were awarded at the New Jersey Turf Expo.

Rutgers University students who received grants, based on high academic achievements in turfgrass science, are Christopher Boyle, Suichang Sun, Karen Plumley, Victor Nemeth, Mirta Guglielmoni, James Campbell, Lora Betts and Chan Seok Oh.

Royalties from sales of Tribute tall fescue, royalty contributions from Lofts Seed, as well as donations from other corporate and private sources, generate the scholarship funds.

Bennett overcomes great odds to win title

By Vern Putney

Super Bowl Sunday was far from super for Gary Bennett. The 43-year-old course superintendent at Crickentree Golf Club in Columbia, S.C., was felling trees at his home to make way for a swimming pool. A crashing limb crushed Bennett's right pinky finger. He drove 25 miles to a hospital, where an intern reset the bone and reattached the finger hanging only by skin.

The injury Jan. 26 appeared devastating. Bennett was scheduled to play 15 days later in the championship flight of the Golf Course Superintendents Association of America's 36-hole medal play tournament at two of four demanding Sawgrass courses in Jacksonville, Fla.

One of 11 scratch players in that select field of 100, Bennett's dim competitive chances seemed hopeless four days later when his damaged digit was re-examined.

Bennett inquired of the possibility of playing. The answer was a vehement "No!" despite Bennett's assurance that he had a high pain threshold.

The physician finally said, "OK" but don't attempt to play until tournament day." Perhaps it would do no great harm if Bennett made a token appearance, he said.

Bennett sneaked in two practice rounds here, then spreadeagled the field with a five-stroke victory. He opened with a 76 at Sawgrass Country Club, and added a 73 at TPC of Sawgrass. Par is 72 on both courses.

Jim Sparks, 6-4, 225-pound powerhouse from Champion Hills Club in Hendersonville, N.C. carded 78-76 — 154 for runner-up honors in his tournament debut.

Tied for third at 155 were Jim Dusch, Robert Kronn and Frank Maxwell Jr.

Dave Wright Powell of Myers Park Country Club in Charlotte, N.C., winner in 1985, 1988 and 1989, shared sixth place at 158 with David B. Oliver, 1986 winner from Martin Downs Country Club in Palm City, Fla.; Mark Hopkins and Tommy Robinson.

Roger Null of Norwood Hills Country Club in St. Louis, seeking his third straight crown,

GCSAA championship winner Gary Bennett, left, is congratulated by runner-up Jim Sparks.

struggled to a 163.

Host superintendent Fred Klauk battled back from an 84 at Sawgrass County Club for a 77 and 164.

Georgia won the team total by one point using the Stapleford Scoring System. Team members, Randy Nichols, Cherokee Town & CC, Dunwoody; Jim Dusch, Atlanta National GC in Kennesaw; Mike Wilson, Braelinn GC, Newnan; and Randy Waldron, GC of Georgia, Alpharetta. Waldron also won the first flight and Mark Esoda, Ansley GC, Atlanta won the second flight.

The Carolinas, the runner-up foursome, comprised Bennett; Powell; Brad Brooks, Benevenue CC, Rocky Mount, N.C.; and Paul Jett, Duke University GC, Durham, N.C. The Louisiana-Mississippi team was second.

Bennett, who has competed in all but one national tournament since 1979, was runner-up in 1987 at Phoenix and also placed third and fourth.

Despite discomfort and some pain upon ball contact, Bennett didn't let this opportunity to be No. 1 slip away. He posted an under-par 35 on the back nine. Highlights were birdie putts of 12 and 22 feet on the 10th and 14th holes, respectively.

Aware he had amassed a sizable stroke bulge, he played the par-4 18th safely, finding the pot bunker to the right of the green but avoiding water trouble on the left. Bennett was content with a harmless bogey.

Until this sparkling performance in an adverse circumstance, Bennett's top title credit had been as Louisiana State University Invitational tourney low in 1969.

He was for eight years course superintendent at Deer Track Golf Course in Myrtle Beach, S.C., before moving to Crickentree five years ago.

Crickentree members receiving word of Bennett's feat must have responded with a

Retirement program established by GCSAA

Association works plan for members with Merchants National Bank

TOPEKA, Kan. — The Golf Course Superintendents Association of America and the Merchants National Bank of Topeka have established a retirement program for members. The program offers a wide choice of investment options.

A 1990 survey indicated that only about 20 percent of GCSAA members had any sort of formalized retirement plan. The survey also showed a strong interest in a plan sponsored by GCSAA.

Financial planners estimate that retirees need from 70 to 100 percent of pre-retirement income in order to maintain their current standard of living.

The GCSAA Retirement Program combines the tax advantages of insurance contracts and the investment opportunities of mutual funds, with no load or sales charge design. The specific investment products are being offered through the Guardian Insurance and Annuity Co., Inc., a subsidiary of Guardian

Life Insurance Company of American. Guardian Life was listed as one of the 11 safest life insurance companies in the U.S. by Money Magazine in July 1991 and has received the highest ratings for safety and quality from Standard & Poors (AAA), A.M. Best (A+) and Moodys (Aaa).

To request additional information on the program, contact Stephen R. Page, registered rep, at 913-291-1001 or Sharon Johnson, registered rep, at 913-291-1003.

Position papers address wildlife, wetlands, other topics

Zidik, Passios, GCSAA staff draft GCSAA statements

The GCSAA board of directors recently approved four position papers that will solidify the association's stance on the environment.

The papers were drafted by board government relations liaisons Randall P. Zidik and Charles T. Passios, and the government relations staff at Golf Course Superintendents

Association of America headquarters.

The papers — titled Applicator Certification, Endangered Species, Wetlands and Other Aquatic Habitats, and Posting and Notification — will be distributed upon request as tools to help educate people and to inform the golfing and non-golfing public about the GCSAA's stance on these issues.

The applicator certification paper stresses the importance of training for pesticide applicators.

The endangered species paper notes that the GCSAA fully supports efforts to implement a successful endangered species program and encourages cooperation with the EPA.

The Wetlands paper recognizes the need to protect wetlands, notes how courses can enhance and protect urban wetlands, and offers a definition of wetlands.

In the posting and notification paper, the GCSAA supports reasonable efforts to notify the public about pesticide applications.

Bennett and Georgia team both gain nat'l title

Continued from page 13

standing ovation, not only for his playing prowess but his personal courage. Susan, his wife of almost 13 years, last August succumbed to cancer. Their children are teen-age twins Nicholas and Kelley and 9-year-old Justin.

Sparks, a Hendersonville native, was in the construction business 4-1/2 years. He had built a course in Fayetteville, N.C., and was superintendent at Cardinal Club in Greensboro, N.C., when opportu-

nity come along to assume similar duties last June at Champion Hills. This is the home course of renowned architect Tom Fazio, a part owner.

Sparks tumbled from contention with bogeys on holes 7 through 10, recovered with a 15-foot birdie putt on No. 13, sank short putts for birdies on 16 and 17, and canned a four-foot par putt on 18. He was grateful that the pack came back to him.

Fierce winds the first day took a

tremendous scoring toll, even of the championship flight comprising scratch to six handicap players. At Sawgrass Country Club, 13 scores were in the 90s, and there was a 100 and 102.

Gary Laliberte of Prout's Neck Country Club in Scarborough, Maine, was in the early hunt until dumping two in the water on the par-4 15th at Sawgrass Country Club for a quadruple bogey "snowman" eight. Playing companion Null also found water on that hole for a seven.

Laliberte had a spectacular six-day stretch last summer. In that period, he captured the Brunswick Golf Club and Maine superintendents' championships, and paired with Prout's Neck pro Bryce Roberts for New England PGA Pro-Super title laurels.

Though winds abated and chilly temperatures moderated the second day, large-scale misfortune overtook two title contenders.

William Smith of Ellendale Country Club in Houma, La., first-

day leader at blustery Sawgrass Country Club with a 74, soared to an 85 at TPC.

Gary Moseley, golf director at Colony Club in Gutenhof, Vienna, Austria, followed a 76 with a disastrous 88. Moseley had finished in the top 1 last year. Originally from the north of England, Moseley has been a prominent player on the European Continent for more than a decade.

He's used "on holiday" status to enter this international event the past three years. Unfortunately, his game the second round was on holiday.

Dudley Smith of Silver Lake Country Club in Orland Park, Ill., a 21-handicapper playing in a lower flight at the TPC Valley Course, registered the day's most unique par. His tee shot on the 380-yard 13th hit the water several times, but refused to sink and made it to dry land. His second shot rattled among trees, and his third shot was headed for oblivion when it kicked at a crazy angle and ended up 12 feet from the cup. He converted, and tried to pass off the hole as routine.

Though host superintendents Randal Hooper, Jack (Eddie) Snipes and Klauk were helpless to control the harsh weather, their peers applauded course conditions.

The 1993 tournament will be in San Diego.

149 — Gary Bennett
154 — Jim Dusch, Robert Kronn, Frank Maxwell Jr.

158 — Mark Hopkins, David Oliver, Dave Powell, Tommy Robinson.

159 — Chuck Green, William Hanna, William Smith, Rodney Guy.

160 — William Martin, Alan Pondel, Gary Smither, Sam Williamson, Michael Wilson.

161 — Fred Klauk

162 — John Baranski, Andy Campbell, Mark Henderson, Paul Jett, Scott Johnson, Scott Lewis

163 — Roget Null, Scott Miller, David Buckles, Buck Buckner, Joseph Ondo

164 — Michael Young, Gary Moseley

165 — Brad Coole, Alan Hess

166 — Dale Quinn, Dave Flaxbeard, Doug Browne, Andy Laughridge

A BLEND OF FOUR PREMIUM PERENNIAL RYEGRASSES FROM TURF-SEED, INC. FOR WINTER OVERSEEDING, LAWN RENOVATION, ATHLETIC FIELDS AND PARKS.

Alliance BLEND

Dark Green, Drought Tolerant, Insect and Disease Resistant Turf... Naturally!

Citation II

- Contains a high level of endophyte that enhances insect resistance.
- Very good resistance to leaf spot, brown patch, crown and stem rust, tolerance to red thread.
- Rich dark green color with good mowing quality.
- Excellent heat and wear tolerance.

Saturn

- The number 1 variety in the 1986 National perennial ryegrass trial.
- Dark blue-green colored low growing variety.
- Improved heat tolerance, and resistance to leaf spot, brown patch and stem rust.
- Very good performance in California overseeding trials.

Charger

- Improved resistance to leaf spot, brown patch, stem and crown rust. Tolerance to red thread.
- Good performance under low fertility and improved color and growth under cool weather conditions.
- Early maturity and tested as 2HH.

246 Sunrye

- Very dark blue-green colored turf-type variety.
- Dwarfier growth habit than other varieties in overseeding trials in Palm Springs area.
- Improved resistance to leaf spot, brown patch, and stem rust.
- Contains a moderately high level of endophyte to enhance insect resistance.

CGCM publishing Leader Board

The Leader Board, a new bi-monthly newsletter, is being published by The Center for Golf Course Management.

The Leader Board is designed to provide golf's volunteer and professional leaders with information to convey a better understanding of the business of golf course and club management.

For more information or to order a subscription, contact The Leader Board at 913-841-2240. CGCM is a subsidiary of the Golf Course Superintendents Association of America.
