The Most Profitable Golf Car For Your Course. Shown With Its Closest Competitor.

Improved comfort. Increased performance. Unmatched efficiency. No other golf cars can measure up to the 1992 E-Z-GO gas and electric cars.

Our new gas car features the first twin cylinder overhead cam engine in the golf car industry. More power. Less noise. And performance unequalled by any single cylinder engine.

And our electric car, with the solid state energy control and the Total Charge® charger, is still the most efficient electric golf car money can buy.

Both cars give you more rental time on the course. Trademark smooth ride. Flexible financing options. And the industry's most extensive service network. That all adds up to higher profitability.

Maybe that's why more of the top 100 golf courses run with E-Z-GO than any other car. Call 1-800-241-5855 to find your nearest E-Z-GO representative. Take our car out for a test drive. You'll see there's just no equal.

On a golf course a bad score should be the only thing that stinks.

Foul odors, algae and sludge in golf course ponds are enough to ruin anyone's game. The results of poor water management can be unsightly, smelly and costly.

Now Otterbine has developed CONCEPT₂, the new high-technology surface aerators that can revolutionize your approach to water quality management.

CONCEPT₂ High Volume aerators are built to last, made of stainless steel and tough, versatile thermoplastics, with a rugged, custom built motor and a virtually unbreakable stainless steel prop designed to handle large volumes of water.

And CONCEPT₂ offers almost unlimited versatility, with easily installed, totally interchangeable spray patterns.

SUNBURST₂ in Otterbine's CONCEPT₂ line answers the challenge of producing a sparkling water display with minimal effect on pumping rates.

CONCEPT₂ and SUNBURST₂, fulfill the Otterbine tradition of scientifically designed, highly efficient, compact, self-contained aeration systems. They are simple to install and economical to operate.

They need no foundation, external pumps, or other costly plumbing fixtures. All Otterbine Aerators are safety tested and approved by the Electrical Testing Laboratory.

Call or write, today, to find out how CONCEPT₂ can help you keep your water quality up to par.

Finally, a quality lightweight with plenty of mowing muscle.

At less than 10 PSI ground pressure, the all-new Jacobsen LF-3810 treads lightly on the most delicate fairways. Yet its 5 heavy-duty

7" diameter, 10-blade reels deliver the high torque to handle all kinds of grasses and conditions beautifully. Plus, 26" balanced reels and our unique rear roller down pressure system produce tournament quality results at production mowing speeds, hugging undulations other machines would scalp.

Accessibility you'll flip over.

The entire operator platform and rear hood flip up, completely out of the way, for easy access to all key components. Also, the center cutting unit slides back, for quick, easy adjustments.

Comforting news for operators.

The LF-3810 is loaded with operator comfort features, including: full suspension seat with armrests; 5-position tilt, power steering; easier two-pedal hydrostatic drive; full instrumentation; even holders for their favorite soft drink and personal items.

Transverse engine mounting helps you handle

slopes with confidence.

This up-front automotive design produces surprising traction and excellent climbing ability in a 2-wheel drive unit.

Exclusive SynchroLift control—Cross cutting at its easiest & most productive.

A simple push or pull of the synchronized lift levers is all it takes with this system. The machine automatically raises the reels to turning height, then lowers them for nimble, flawless cross cutting.

Maintain a spotless reputation on the fairway with GreenSentry™

Our advanced oil leak detection system is standard, to give you every advantage possible on the fairway.

The list goes on and on.

Variable-speed, power backlapping; 3, 4 or 5 gang operation; heavy-duty hydraulic system; a 38 hp, liquid-cooled Kubota diesel . . . the quality features just never seem to quit.

For a complete list of features and benefits, as well as a complete demonstration, contact your Jacobsen distributor today.
