Jack Nicklaus II makes mark

Continued from page 31

the site in late March, he hopes to break ground by May, with a completion date of July 1994.

The rolling terrain, owned by developer Win Gobel, was purchased from the Indo-

nesian Army, which had used the site as a shooting range. "No artillery," Nicklaus noted with a sigh of relief.

Surabaya's 4 million population is good for prospective home sales but not-so good for land prices.

"The land is so expensive, we had to create as many home sites as possible," Nick-

laus explained. "That's why we're building an aquatic range."

The Bangalore project, combined with a Jack Sr. contract for 18 holes in Goa, indicate the breadth of development taking place in the Asia-Pacific region. Goa is on the west coast of the Indian subcontinent.

The property at Goa, some 300 miles south of Bombay, already features a 200-room hotel nearby. The coastal site is elevated, and Nicklaus Sr. foresees the opportunity for spectacular views.

The city of Bangalore is further south. This 18-hole course is being developed in partnership with the Indian government.

Nicklaus Sr.'s Nevillewood cited

NEVILLEWOOD, Pa. — Associated Builders and Contractors of Western Pennsylvania (ABC) have announced that Nevillewood Golf Community and Atlas Services Corp. have won the prestigious New Construction Award for projects of more than \$5 million.

According to Chuck Waddingham, ABC executive director, "the Business Development Committee and I felt that the course at Nevillewood was a well-conceived and executed plan. It was a fine project worthy of recognition."

Rick Stambrosky, president of Nevillewood Associates, developers of Nevillewood, said: "The vision demonstrated by Jack Nicklaus as he designed this golf course, and the manner in which Atlas Services executed this plan has enabled us to exceed some very high expectations."

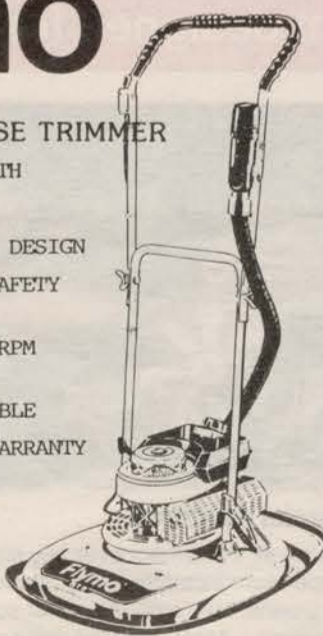

"Awards of this magnitude reinforce our belief that Nevillewood is indeed a premier residential golf community."

Nevillewood is an upscale, residential community being developed around an 18-hole championship golf course, designed by Nicklaus.
