

Number 18 Penncross green, Troon North, Scottsdale, AZ

# Penncross Creeping Bentgrass ...the Favorite for Forty Years

*Penncross greens are found from elite prestigious private courses to the most played public courses. It is still the most specified creeping bentgrass ever, and from all indications, it will remain the first choice of golf course superintendents, designers and architects the world over.*

**D**eveloped by Professor H. B. Musser and Dr. Joe Duich and introduced in the fall of 1955 as an elite seeded creeping bentgrass for putting greens, Penncross' popularity was immediate and long-lasting. Penncross' reputation for rapid establishment and quick recovery from damage has made it a popular choice of developers who must open their courses in a timely manner as well as savvy superintendents who utilize it for tees and approaches where divot repair is necessary.

Over time Penncross has proved it can take the heat, the wear of 65,000 annual rounds and verbal potshots from envious competitors.

Penncross is grown to the same critical standards set by Professor Musser, and you can be assured we'll provide the world's most recognized creeping bentgrass as long as you demand it.

# EAGLE® HAS

## **Introducing Eagle fungicide**

When it comes to maintaining healthy golf courses and long-term playability, new Eagle® soars above other systemic fungicides.

Eagle gives you unbeatable control against tough diseases, like brown patch and dollar spot. Long-lasting performance.

Low use rates. And exceptional turf safety. So you can give golfers high-quality greens.

## **Fits 14-day schedules**

For preventive or curative control, Eagle provides great results. You'll find the best performance, though, with a 14-day protectant schedule.

Even during July and August — when temperatures and humidity rise and disease pressure is highest — Eagle doesn't quit.

Eagle offers another big advantage over other systemics...turf safety. You won't see weakened roots, leaf damage or coarse turf blades.

# LANDED.

So greens always look and play their best.

### Other benefits

Eagle brings good news for applicators, too. Just six tenths of an ounce per 1,000 square feet gives you all the control you need. And mixing couldn't be easier. That's because Eagle comes in

premeasured, water-soluble pouches you can toss right in the tank. There's no measuring, no mess and minimal worker exposure.

To find out more, see your local Rohm and Haas distributor. But don't wait long; Eagle is taking off fast.

**For top-flight performance.**

ALWAYS READ AND FOLLOW LABEL DIRECTIONS FOR EAGLE FUNGICIDE.

# EXPO

ORANGE COUNTY CONVENTION CENTER  
ORLANDO, FLORIDA  
NOVEMBER 9-10, 1995

A NATIONAL EXHIBITION AND CONFERENCE FOR OWNERS,  
SUPERINTENDENTS, MANAGERS, AND DEVELOPERS OF  
PUBLIC-ACCESS GOLF FACILITIES

### "Great Start"

R.J. Kooyer, President  
Bankhead Forest Golf Course, Double Springs, AL

### "Well run event as always."

David Claeysens, Director of Golf  
Rockford, Illinois Park District

# Golf Course Expo Means Business

The public-access golf industry comes together at Golf Course Expo—the only national trade show and conference for superintendents, managers, owners, operators, and developers of public-access facilities—daily-fee, semi-private, resort, and municipal courses.

- **Save money by pinpointing exhibitors on the trade show floor**  
We're serious about saving your money and time. Investigate vendors who are there for all your needs—equipment, chemicals, seed, builders, accessories, sod, golf cars, consultants, management software, fertilizers, architects, and marketing firms.
- **Get up to speed on new products and services**  
Find out "what's new" to give your course the competitive edge. The key to success in the business of golf is staying on top of new trends, partnering with vendors, and finding creative solutions. And Golf Course Expo is a carefully designed event to provide all three—and give you the edge.
- **Participate in special show events—like Shop Talks—where you'll learn about products and services that impact your bottom line**  
Shop Talks are vendor-sponsored sessions set up on the show floor. Participating suppliers will zero in on solutions, feature their products and services, and address critical industry trends. And it's all part of the show.
- **Solve problems by attending the multi-tracked conference program**  
In the crowded public-access marketplace, maintaining quality conditions on your course in the face of high traffic, and at a reasonable cost is even more important. Marketing your course takes on added significance. And efficient management—doing more with less—becomes an absolute must. The conference offers easy-to-adopt ideas that really work.

"Very interesting information. Being new in the business, this is very informative and interesting."

Mark Clark, Food and Beverage Manager  
Sandy Ridge Golf Course, Midland, MI

## Bring the Management Team

Golf Course Expo is a must-attend for superintendents, managers, owners, operators, general managers, golf administrators, directors of parks and recreation, builders, architects, and developers. This is a great chance for everyone at your course who makes buying decisions to find key products and services that will help your facility operate more effectively and efficiently.

"This was a very worth while experience. It's always great to get people together who are in the same business."

Craig Immel, Director of Golf  
Aberdeen Golf Club, Cleveland, OH

And because its sponsored by *Golf Course News*, Golf Course Expo means business for you!

# No belts. No pulleys. No kidding.

The Jacobsen HR-5111's exclusive Multi-Motor deck design delivers a whole new angle on rotary performance.

Individual hydraulic motors drive each blade for unmatched cutting power, while eliminating time-consuming routine maintenance. This design also enables the blades to rotate in opposite directions for more even clipping dispersal. Team that with our floating-decks, and you've got a cut so clean you'd swear it was done by a reel mower.

A full 11' cut and 51 horses of liquid-cooled diesel power let

Individual hydraulic motors drive each blade for unmatched cutting power and reduced maintenance.

you mow up to 65 acres a day. Plus, agile rear-wheel power steering, a compact design and hydrostatic 4WD allow you to cover ground that other production rotaries simply can't.
