"PennLinks Is Perfect For Our Environmentally Friendly Course"

"PennLinks greens and tees at The Oregon Golf Club fit perfectly with our environmental concerns. Through good cultural practices and balanced nutritional feeding, I have had no need to apply any fungicides, herbicides or insecticides to them in more than 18 months.

When I change hole locations each morning, I walk the greens looking for stress areas and address them before they become a problem. I find PennLinks' upright growth and low thatch producing qualities, combined with light and frequent top dressing, provide near-perfect putting surfaces.

That's what the touring professionals tell me when we host the annual Fred Meyer Challenge.

Oregon Golf Club participates in the New York State Audubon Cooperative Sanctuary program and maintains their high environmental standards. Our club is one of only 45 fully certified courses in the United States.

I believe PennLinks provides the high quality playing surface demanded by today's golfers and also addresses the increasing awareness and responsibility of golf courses to be good stewards of the environment."

CONFIDENCE AND SECURITY DON'T JUST HAPPEN.

Let's not mince words – your job's challenging. Just think about all the people you have to please. And about what happens if you don't. You need confidence. You need security. And you're not alone. Superintendents at some of the top courses in the country need the same thing. Which is why they use Barricade® preemergence herbicide to keep fairways, tees and roughs weed-free. So can you. Since Barricade has the longest residual of

WESTWOOD COUNTRY CLUB IS VIRGINIA'S PRIDE AND JOY. BARRICADE KEEPS IT WEED-FREE AND GORGEOUS.

any preemergence herbicide, it gives you maximum flexibility. You can apply when it's most convenient for you. And have full confidence that you'll get excellent

AT OLD WAVERLY IN MISSISSIPPI, THEY USE BARRICADE FOR ITS LONG RESIDUAL. AND THEIR LONG PAR FOURS.

THE 18TH AT VALHALLA
GOLF CLUB IN KENTUCKY HAS A
DUAL APPROACH. BUT JUST ONE
PREEMERGENCE HERBICIDE.

control of crabgrass,
goosegrass and other tough
weeds. Consistent control that lasts for
up to 26 weeks depending on the rate you

choose. For even more confidence and security,
Barricade keeps golf shoes and everything else

on your course stain-free. And since you're
applying as little as one-fourth as much active
ingredient, you'll reduce worker exposure and
lessen the environmental load. What's more, its

low water solubility means Barricade

will stay right where you put it, even on slopes
and hillsides. Choose from two different
formulations: on-fertilizer and sprayable.

Barricade really can provide the added confidence
and security you need. But only if you apply it.

For more details, talk to your authorized

Barricade distributor, Sandoz sales representative

or call 1-800-248-7763.

THER V

PREEMERGENCE TURF HERBICIDES

Evaluating preemergence turf herbicides can be like comparing apples and oranges. True, all of them control weeds. (To some degree, at least.) But a closer look reveals big differences. When you consider all the products on the market, you'll find:

- A lot of them focus on low price.
- That's usually because they don't have much else to offer.

S. DIMENSION®

Dimension® turf herbicide, on the other hand, gives you real value. Dimension offers premium performance, along with extra benefits that make your job easier. Here are a few reasons why Dimension stands out from the competition:

- Dimension provides unmatched crabgrass control.
- It controls crabgrass all season long—without breakthroughs.
- Dimension also handles goosegrass, oxalis and spurge.
- Fall applications help you manage unwanted *Poa annua*, as well as crabgrass and other weeds.
- Altogether, Dimension takes care of more than 20 tough weeds.
- Dimension works before or after crabgrass appears, extending your application window.
- It's *completely non-staining*—all you see is great-looking turf.
- You can stretch the long-lasting control of Dimension *even further* with split applications.
- Dimension works at low use rates.
- It's labeled for lawn care and golf course uses.
- Dimension offers the application flexibility of sprayable EC or granular fertilizer formulations.
- You can overseed just three months after application.
- And you can always count on exceptional turf safety.

To find out more about the benefits of Dimension, see your local Rohm and Haas distributor.

Weed control beyond compare.

NOT EVERYONE ON A GOLF COURSE WANTS LONG DRIVES AND LOW SCORES.

Sentinel TURF FUNGICIDE

Golfers worry about breaking par. You'd rather break the stranglehold turf diseases can put on your fairways, tees and greens. Sentinel® fungicide can help. Sentinel offers the longest control and best performance on brown patch, dollar spot, summer patch and 11 other turf diseases—at the lowest rates. Sentinel controls the toughest

diseases 20-35%

longer than

other systemic fungicides. And it won't quit working at critical times, either. Like, say, just before tournament weekend. What's more, Sentinel offers the protection you need at far lower rates than competitive products—anywhere from nine to 100 times less active ingredient. That minimizes worker exposure and lessens the environmental load. When it comes to performance, Sentinel has proven itself on 12 different varieties of turfgrass.

CIRCLE #125

GOLF ASIA '96

INTERNATIONAL GOLF EXHIBITION & CONFERENCES

Exhibition & Conference Presented by: CONNEX • IMG
 Educational Seminars Presented by: GCSAA
 28 - 31 March • Expo Hall 1 & 2 World Trade Centre, Singapore

TEE-OFF AT ASIA'S PREMIER GOLF SHOW

Six Years Running

Golf Asia's strategic location in Singapore, our established track record as a show of world-class standing, and the quality of our visitors and exhibitors alike has built our reputation as the premier golf trade show in the Asia-Pacific region.

The industry continues to grow in Asia. Alongside the emerging markets, are those countries whose maturing status and increased sophistication provide opportunities for the very latest technology and equipment the industry has to offer.

Record Turn-out in '95

The 1995 Show attracted over 21,000 trade visitors, professionals and golfing enthusiasts from 31 countries. This included those from the Philippines, Vietnam, Myanmar, China and the UAE; emerging markets with some of the highest growth potential.

At Golf Asia '95, eighty-two percent of participants stated that they had achieved the objectives they set for the exhibition. By the end of the Show, over three quarters of the 212 exhibitors had confirmed their participation in Golf Asia '96!

Sixth Asia Pacific Golf Conference (APGC)

The APGC, undoubtedly Asia's most recognised industry forum, will once again be held in conjunction with the exhibition. Complementing both the exhibition and conference, will be a series of educational seminars conducted by the Golf Course Superintendents Association of America (GCSAA). These seminars are traditionally well attended by

golf course superintendents from clubs throughout the region. Golf Asia '96 promises to continue the success of past exhibitions. All efforts are geared towards attracting more visitors and participants than ever before.

Be where the action is! Book your flight today at Golf Asia '96.

The greens are running fast today. Fortunately, so are you.

Nobody wants to spend more time than necessary trying to keep greens looking great. That's where the Greens King™ IV comes in.

The most popular greens mower in the world is uniquely designed to make a green look outstanding in short order. With Greens King IV, you get exclusive features like Turf Groomer®, the only true greens conditioner. Turf Groomer not only increases green speeds up to 25% without lowering height of cut, it also provides truer, healthier greens. Plus, you'll have less compaction thanks to the lightest footprint in the industry. When it comes to mowing muscle, choose the 16.5 hp diesel, the popular 16 hp Vanguard™ gas or the new Greens King IV Plus with 18 hp

Vanguard gas engine and power steering. Other exclusive features include fully floating, pivoting reels that steer through turns with

out scuffing or marking. Plus, individual reel control and power backlapping that keep reels sharp with less work. Ask your Jacobsen distributor for a demonstration today.

THE PROFESSIONAL'S CHOICE ON TURF.
