"Seaside II Has Success Written All Over It."

I resodded high stress areas in my PennLinks fairways with Seaside II nearly a year ago, and I am very pleased with its performance. I selected Seaside II with improved dollar spot disease resistance and salt tolerance to address our two major turf challenges; the coastal influence and potential sodium buildup from irrigation. I find Seaside II a strong ally to our PennLinks fairways, and

in the future, we will slit seed with Seaside II, where needed, to enhance turf quality.

Our bentgrass fairways make Del Mar Country Club unique to southern California, and spares us overseeding bermudagrass every winter season. Seaside II complements our PennLinks greens and tees, too.

Seaside II has success written all over it.

E-Z-GO Is Just Another Golf Car...

Faded, illegible text in the bottom right corner, likely bleed-through from the reverse side of the page.

Like The Great Wall Of China Is Just Another Backyard Fence.

There are lots of walls in the world.

But only one is called the Great Wall.

There are lots of golf cars in the world (and we ought to know - half of them are ours). But only one golf car company can truly be called #1 in the world. Perhaps it's because we were the first to offer the Drive Control System™ with regenerative braking, automotive quality finishing and the first 4-cycle twin-cylinder overhead cam engine.

Or perhaps it's because our cars just go on and on.

*The great ones
always do.*

Troubled Waters?

Before water can enhance a landscape, it has to be healthy. The results of poor water management can be unsightly, smelly and costly.

Otterbine quality water management keeps ponds and lakes sparkling, clear and odor-free. Naturally, efficiently, and beautifully.

Otterbine CONCEPT₂ surface aerators give nature a boost by stimulating natural water cleanup processes. They offer interchangeable spray patterns for almost unlimited versatility.

And our TRITON and AIR FLO subsurface aerators are virtually undetectable as they create strong currents to produce oxygen that cleans and purifies.

Otterbine aerators, designed to move high volumes of water, are built for years of dependable service.

The spectacular SUNBURST₂ from Otterbine's versatile CONCEPT₂ line; and the subsurface aerators TRITON and AIR FLO.

Rugged and built to last, all Otterbine aerators are simple to install. Efficient. Compact. Self-contained. Safety tested. And approved by the Electrical Testing Laboratory.

Our comprehensive product line ranges from the highest technology in aeration systems to OTTERSHADE, the new environmental lake dye. And we stand behind a 35-year tradition of quality, pride and fast, effective service.

Call or write, today, to find out how Otterbine can help make your water work, beautifully.

Ferromec® AC Liquid Iron – Extra Green, Extra Fast!

Some of the most attractive, dark green grass on golf courses is the result of the dependable, controllable rapid-greening effect of Ferromec Liquid Iron. And the real beauty of Ferromec is that this foliar-applied combination of iron, sulfur and urea dramatically speeds up and increases chlorophyll, but not the top-growth of the grass.

Only Ferromec Liquid Iron products can achieve the deep green required in cosmetic turf in 24 to 48 hours.

Desert Inn Golf Club, Jerome M. Jones, GCS Las Vegas, Nevada, is a major user of Ferromec applied through "Ferrogation".

Bov-A-Mura® Liquid Organic Fertilizer aids turf vitality!

Bov-A-Mura Liquid Organic Fertilizer is a recognized success factor wherever seeding or sodding is done on golf courses or other sports turf. It also helps revitalize turf subjected to stress or excessive use.

Bov-A-Mura is a reodorized, sprayable organic fertilizer derived from cow manure. Enhancing root growth and tillering, it speeds up sod knit-down and seedling establishment and produces dense, wear-resistant turf.

Bayville Golf Club, J. Cutler Robinson, CGCS Virginia Beach, Virginia, set a new-course grow-in record with the help of Bov-A-Mura and Ferromec.

A "Thank You" to our Golf Course Customers...

The first gallon of Trimec sold was applied on a golf course. Since that time, PBI/Gordon has specialized in providing quality products to the professional turf manager, and we would like to say thank you.

In honor of our 50th Anniversary Year, we will donate an amount equal to 3% of Gordon's products purchased for use on golf courses during 1997 to

GOLF ASIA '97

INTERNATIONAL GOLF EXHIBITION & CONFERENCES

Exhibition & Conference presented by: CONNEX • IMG
Educational Seminars presented by: GCSAA
20-23 March '97 • Hall 3, World Trade Centre, Singapore

CATCH THE BIRDIE AT GOLF'S GREATEST GATHERING IN ASIA

If your business has something to do with the golf industry, you wouldn't want to miss the greatest golf event in Asia. Golf Asia '97. Held in Singapore for the seventh year running, Golf Asia has established itself as the largest and most attended golf show in the region, bringing together many of the world's leading names in the industry.

Golf Asia '96 attracted 221 exhibitors who showcased their products and services to the trade and public visitors. The event's success was marked by a constant flow of quality attendees: more than 26,000 trade visitors, professionals, and golf enthusiasts from 35 countries. These included visitors from emerging markets like India, Vietnam and the Philippines. New business and countless leads were generated, encouraging over 70% of '96 exhibitors to confirm their participation in Golf Asia '97.

SEVENTH ASIA PACIFIC GOLF CONFERENCE (APGC) & EDUCATIONAL SEMINARS

The APGC, Asia's most recognised industry forum will be held in conjunction with the exhibition. A panel of highly-qualified speakers will address the conference, focusing on a wide range of topics relevant to the Asian golf industry. A series of educational seminars conducted by the Golf Course Superintendents Association of America (GCSAA) will complement the exhibition and conference. These seminars are traditionally well attended by golf superintendents from clubs throughout the region.

Golf Asia '97 will continue the tradition of success of past exhibitions. Preparations are already underway to attract more visitors and participants than ever before.

Think Of It As The Swiss Army Knife Of Utility Vehicles.

The new E-Z-GO Workhorse™ does it all. Hauls plants and fertilizer. Carries sand, gravel, bales of straw, building materials. And all your tools from shovels and hoes to mowers and blowers. It comes with lots of standard features like an 11h.p. 350cc engine, a 1200lb. payload capacity and an exclusive heavy duty bed liner. With options like a larger cargo bed and power dump, you can get an E-Z-GO utility vehicle that comes with just about anything – except a corkscrew. Looks sharp, too.

THE FINEST UTILITY VEHICLES IN THE WORLD.™

Introducing the LF-128 with FlashAttach.

The new LF-128. Pull a pin. Change a reel.

You won't find it in the shop.

Thanks to the exclusive FlashAttach™ reel-mount system, the new Jacobsen LF-128

fairway mower spends more time where it belongs—on your fairways. The patented FlashAttach system makes changing any reel as easy as pulling a pin. No tools. No headaches. No more than 30 seconds of your time. Why did we

make routine maintenance so easy? Because we know you have better things to do than change reels on fairway mowers. Call 800-727-JAKE for your nearest Jacobsen distributor or visit us on the World Wide Web at <http://www.jacobsen.textron.com>.
