

## Dakota introduces soilmoover

Dakota Peat has introduced its new soilmoovers. The unique tiltable blade and tight turning radius provide unsurpassed maneuverability for the construction of tees, greens and bunkers, cart path construction, or grading and shaping.

Standard features include adjustable hitch height, jack assembly, bolt-on straight cutting edge, reinforced stiffeners, heavy-duty 6-hole wheels, one-way tilt, height control, heavy-duty end walls and side-adjusting blades.

It's manufactured with custom axle and sofrac turf tires or standard axle and tire. Available options include curved cutting edge, mechanical tilt, two-way tilt, landscape rake and laser adaptability. Eight models to choose from ranging in widths from 4' to 16'. For more information contact 701-746-4300.

## Ditch Witch adds 1030, 1230

Ditch Witch underground construction equipment now includes the 1030 and 1230, a pair of compact pedestrian trenchers designed for easy operation and maintenance.

These machines offer customer-directed changes from their predecessor trenchers, the 1020 and 1220.

The 1030/1230 design features include a wrap-around style handlebar and an operator presence bail system that does away with the need for restarts because the system does not stop the engine.

For more information contact Ditch Witch worldwide headquarters at 800-654-6481 or 405-336-4402.

## Sostram hears Echo

Sostram Corp. has added Echo 75 WDG to its line of turf and ornamental chlorothalonil products. Echo 75 is formulated with Echo Stick which provides maximum weatherability for excellent residual control.

Echo 75 WDG (water dispersible granules) turf and ornamental fungicide contains 75 percent chlorothalonil and is labeled for the control of dollar spot, large brown patch, Helminthosporium melting out and leafspot, red thread, fusarium, anthracnose, copper spot, Curvularia leafspot, gray leafspot, stem rust of bluegrass and pink and gray snow mold, plus a wide variety of ornamental diseases.

For more information contact Sostram Corp at 800-295-0733.

## New Holland ready with new Boomers

The new 25- and 30-series Boomer compact tractors from New Holland share the styling, easy serviceability, and quality construction of the larger New Holland Genesis tractors. They are manufactured in a new factory at Dublin, Ga., which was built specifically to manufacture compact tractors.

The Boomers offer fingertip controls, high-capacity live hydraulics, unmatched serviceability and tight-turn SuperSteer FWD front axles. All are powered by 3-cylinder diesels and feature hydrostatic power steering. For more information, contact New Holland at 717-355-1371.

## Rohm and Haas introduces Fore FloXL

Rohm and Haas Company has introduced Fore FloXL fungicide, a new wet flowable formulation for the turf and ornamental market. The new flowable fungicide provides improved mixing properties compared to the old flowable formulation. It mixes more quickly in the spray tank. It also minimizes the accumulation of sediment at

the bottom of the container, reducing the effort needed to rinse containers before disposal.

A wet flowable means the product is suspended in an aqueous material, offering the convenience of a liquid. This eliminates the dustiness associated with wettable powders. For more information, contact Rohm and Haas at 800-987-0467.

## LOAD EVERYTHING...

TOPDRESSERS, UTILITY VEHICLES, SPREADERS  
NO LABOR, NO TRAVEL,  
NO WASTE

**MH-400**  
MATERIAL DELIVERY UNIT

# YOU CAN MOVE MOUNTAINS...

## FILL EVERYTHING...

TRAPS & BUNKERS,  
DRAINAGE DITCH  
PERFECT FOR CONSTRUCTION  
AND RENOVATION JOBS

## SPREAD EVERYTHING\* ...

TOPDRESSING MIXES, SAND,
