Walk tall. Carry a big stick. Drive This.

Sometimes you just have to get tough. And when you do, get the E-Z-GO Workhorse™. With standard features like an 11hp 350cc engine, a 1200lb. payload capacity and an exclusive heavy-duty bed liner, it has everything you need to handle the big jobs. It carries sand, gravel, bales of straw, building materials, and all your tools and equipment.

Optional extras include an oversized cargo bed and power dump. So, when the going gets tough, get to your E-Z-GO Workhorse dealer.

THE FINEST UTILITY VEHICLES IN THE WORLD.™

At Medalist America, Our Turf Specialists Are Part Of The Mix.

When you specify Medalist America preformulated blends and mixtures, you get more than performance-proven seed. You get a turf specialist who is an expert on the growing conditions in your region. There's no guesswork on your part. Just knowledgeable, research-based recommendations from a highly skilled expert.

We believe knowledge is the key to turf performance. Knowledge about the application, climate, soil and seed. That's why turf specialists have been a big part of our product/service mix for more than a quarter of a century. Contact Medalist America today about how well our mix of seed and turf specialists can work for you.

New low odor technology Same outstanding performance

"With the new low odor Trimec® Classic we were able to control our weeds and yet avoid undue concerns and questions from our members and neighbors."

Quent Baria, GCS
Fincastle Country Club
Bluefield, VA

Trimec® Classic Broadleaf Herbicide is now a "low odor" product. This new characteristic is not created with a masking agent. Advancements in our production technology have enabled us to manufacture Trimec® Classic as a low odor product. If you've been using a cheap "three-way" and adding a masking agent, now would be an excellent time to switch to quality -

**AN EARLY MORNING RIDE
 DOWN YOUR FAVORITE FAIRWAY
 MAKES YOU APPRECIATE
 YOUR HARD WORK
 AND LONG HOURS.**

LESCO is there.

Some days everything seems just right. Other days are less than perfect. But one thing is for sure. Building, growing-in or maintaining a golf course presents many challenges. And it's up to you to turn the challenges into opportunities. The problems into solutions.

A business relationship with a company focused on your needs helps. Someone offering service, convenience, technical expertise and value. Someone who understands what you're up against.

Someone like LESCO.

SERVICE. LESCO is there with the most complete line of products available anywhere.

Everything from seed, fertilizer, control products and application equipment to flags, cups and markers. Plus so many additional services. Like

custom blending, soil testing, grassing specifications and agronomic program development... just to mention a few.

CONVENIENCE. LESCO is there with 69 LESCO Stores-on-

Wheels®, 235 LESCO Service Centers® and a variety of direct delivery options. No one makes it easier and more convenient to obtain the products you need...when you need them.

TECHNICAL EXPERTISE.

LESCO is there with turf professionals who appreciate the challenges you face and are fully prepared to answer your questions. Turf management and product use recommendations are all part of the job...part of the convenience and service.

VALUE. Put it all together and what you get is an overall commitment from a company dedicated to meeting your needs. That's called value. And value is what that ride down the fairway is all about. Call 800-321-5325. LESCO is there.

Southwest changes to Walters Golf

LAS VEGAS—The Walters Group, a Las Vegas-based holding company for diversified investments and business ventures in the areas of real estate and recreation, has changed the name of its golf division from Southwest Golf to Walters Golf.

The name was changed to create a closer identity between the golf properties and owners Bill and Susan Walters, who have spearheaded the development team behind each facility.

"Golf is my passion and I love the creative and design aspect of the golf course itself," said Bill Walters, chairman and chief executive officer of The Walters Group. "Susan leads a fantastic interior design team that creates unique and warm atmospheres in our clubhouses. A true evolution is happening in the golf business in Las Vegas. We have become a golf resort destination with the types of courses being built here."

Walters Golf currently owns and operates three facilities: Desert Pines Golf Club, Stallion Mountain Country Club and The Royal Links. All three are located in Las Vegas.

The company will be building two more golf facilities in the Las Vegas area. The next property will be located on the south end of the Las Vegas Strip and is slated to feature the best holes created by Pete Dye. The second will be a community course.
