

Penn A-4 creeping bentgrass succeeds at Cypress Lakes

"We just couldn't keep grass on this green before. I'd worry about keeping the players happy, but now I sleep better at night with Penn A-4 bentgrass."

"We planted Penn A-4 in the fall of 1994, '95 and '96. We faced very poor grow-in conditions, including two hurricanes, and were still able to open for play eight weeks after seeding all three years. Willie and I have a very limited budget to work with, and have heard the hype about increased expense and labor involved with managing newer bent varieties. With Penn A-4, we've found this simply isn't true. The exceptional putting surface we have obtained here at Cypress Lakes more than outweighs any addi-

tional effort on our part. It's a relief to know we have superior heat tolerance working for us in the south, and on this green in particular where nothing seemed to grow next to our namesake cypress lake. We maintain a 0.125" cut throughout the summer, which makes for a truly consistent year-round putting surface with no adverse affect on plant health. We believe that Penn A-4 will continue to perform for our 18 greens here at Cypress Lakes, and we thank the team at Tee-2-Green for introducing it to us."

Willie McGeachy, Superintendent

IN NATURE, THAT WHICH ADAPTS SURVIVES

INTRODUCING A MOWER THAT UNDERSTANDS THE NATURE OF YOUR JOB

The all-new Reelmaster® 3100-D is more than an evolution of the species. It's a whole new breed that adapts instantly to the challenges of your course. Equipped with the Sidewinder™ cutting unit, you'll trim precisely around tricky bunker edges or trim areas. Shift the Sidewinder out as far as 24 inches on-the-fly to cut close without getting too close for comfort. And get the best possible view of what's ahead with the out-front operator station. Visit your Toro distributor for a demo, call 800-803-8676 ext. 152, or see the new Reelmaster 3100-D at www.toro.com/golf.

No slips. No scuffs. No problem.
Exclusive Toro Series/Parallel
3wd traction system ensures that
power is delivered to at least two
wheels at all times, for constant
traction on slopes or soft turf.

TORO REELMASTER

State-of-the-Art.

HERITAGE®. THERE'S NEVER BEEN ANOTHER FUNGICIDE QUITE LIKE IT—AND NEVER WILL BE.

HERITAGE fungicide masters the art of disease control. With its distinctly different, state-of-the-art chemistry, HERITAGE is unlike any other fungicide.

Not only does it act both preventatively and curatively against turfgrass disease, it also exhibits other important advantages, including:

- **Controls Most Turfgrass Diseases**

Controls most destructive diseases, including Pythium, brown patch, take-all patch, summer patch, anthracnose, and snow mold.

- **Novel Mode of Action**

Only strobilurin chemistry available that delivers highly effective systemic activity.

- **Reduced Risk Fungicide**

Displays a low-risk toxicological profile for reduced risk to environmental resources.

- **Extended Spray Intervals**

Applied at low use rates with longer spray intervals.

- **Improves Turf Quality**

Enhances the thickness and color of turf without stunting or plant growth regulator effect.

State-of-the-art HERITAGE fungicide.
Make it a regular part of your management
program for a turf masterpiece.

HERE.THERE. EVERYWHERE.

HOW'S THAT FOR APPLICATION GUIDELINES?

On greens. On tees. On fairways, roughs, flower beds, transplants — even in your divot mix. Milorganite delivers outstanding results for a uniform playing surface. No other fertilizer is easier on plants or simpler to use. Milorganite's slow release, organic nutrients won't burn or cause a flush of growth. Plus, it's high in micronutrients such as iron to promote dense, vigorous turf. And Milorganite resists leaching, for a sound environmental profile. So call your distributor today, or call Milorganite's turf professionals direct at **1-800-304-6204**. It's easy.

As Dependable As You.

DACONIL® for Dependable, Economical Performance Each and Every Day.

You're on the job each and every day. Why expect less from your fungicide. There's no better fungicide than DACONIL to deliver dependable and economical performance on your tees, greens and fairways. Each and every time you apply DACONIL, it delivers these advantages:

- Multi-site mode of action
- Sticks and stays for maximum protection
- Control of 14 diseases, including algae, dollar spot, leaf spot, melting out, brown patch, anthracnose, rust, and red thread
- Both easy and economical to use
- For application on nine species and nearly 75 varieties of turfgrass
- Three flexible formulations—Ultrex®, Weather Stik®, and Zn

For dependable performance each and every day, it's DACONIL.
