

NGF directory now available

JUPITER, Fla. — The 1999 edition of the National Golf Foundation's (NGF) directory of who's who in the U.S. golf industry is now available.

The *Directory of Golf* contains the key names, addresses and other contact information on 10,000 executives and 6,000 companies and organizations con-

ducting the business of golf in the United States.

It also features some 2,000 corporate e-mail and 1,350 Web-site addresses. The number of listed Web-site addresses is more than double the number in last year's edition. Furthermore, more than 50 percent of the listings have

been revised with totally new or updated information.

"These changes and additions are indicative of the way the directory is growing and improving," said Barry Frank, the National Golf Foundation's vice president of membership services.

As in previous editions, the 1999 edition features the following three sections:

- Business to Business Sec-

tion — Corporate names, addresses, phone/fax numbers, e-mail and Web-site addresses; plus names and titles of top management personnel.

- Executive Section — Company affiliations and telephone numbers of top management personnel in the United States.

- Products & Services Index — A complete listing of all companies and organizations

categorized into 114 different product or service groupings.

Every NGF member will receive a complimentary copy of the 1999 edition. It retails to non-members for \$60, plus shipping and handling.

Non-members can place their order through NGF Information Services at 800-773-6006 or the foundation's Web site at www.ngf.org.

McGuire joins Environmental as Western chief

CALABASAS, Calif. — Terry McGuire has joined Environmental Golf as Western region manager of golf course maintenance. In his new position, McGuire will be responsible for golf course maintenance operations of all Environmental Golf facilities in the Western United States. Prior

Terry McGuire

to joining Environmental Golf, McGuire was involved in the \$4-million capital improvement project at the Presidio Golf Course in San Francisco. This project included renovation, new construction, and upgrades to the irrigation system, tees, fairways and green complexes. He facilitated course renovations, capital improvements, grow-in and maintenance operations for Palmer Course Design Company in Thailand and the United States.

front nine. Four holes are left to shape and irrigate, with landscaping and grassing following close behind. Lakes and decorative walls are complete and the clubhouse is being framed. A fall opening is expected.

Construction of Cascades Golf Club, an 18-hole championship public course in Sylmar, Calif., is in its final stages with an August opening anticipated. Yucaipa Valley Golf Club in Yucaipa, Calif., has 90 percent of its shaping complete, four lakes built, irrigation in process and greens installation now beginning. The owners of the 18-hole, daily-fee course anticipate an early 2000 opening.

At Indian Ridge Country Club in Palm Desert, Calif., an additional nine holes have been added to the existing 27 holes previously constructed by Environmental Golf. The course was completed in July.

Or not.
