

The high-tech addition of the decade? Border collies

Reviewing 10 years of *Golf Course News* articles on cutting-edge technology and pioneering turf-care practices, it is fascinating that perhaps the greatest response followed a story, below left, in March 1994 on how one Connecticut superintendent, Richard Marcks, had ridded his golf course of geese with the most intelligent piece of maintenance equipment ever ... a border collie. Below right is a follow-up story.

Tac rids course of irksome geese

By MARK LESLIE

There have been dog super-heroes in the past. Timmy's Lassie. Rusty's Rin Tin Tin. Sergeant Preston's King. But today, in Greenwich, Conn., the Dog of the Hour is Richard Marcks' Tac. Tac accomplished what no human in town could do: He drove several hundred geese to a new address — out of town.

A 7-year-old border collie, Tac (short for Sharp as a Tac) has ridded Fairview Country Club of 600 troublesome geese — and enjoyed every minute of it.

"This is the hottest thing since peanut butter," said Marcks, property manager at Fairview. Twelve other area golf courses have bought border collies to rid their properties of geese since seeing Tac at work.

Buying the trained dog was Marcks' brainchild. "Within a month we had the course clean," Marcks said. Tac, fully trained to herd sheep, took quickly to the geese. Since she loves water, it was no chore for her to swim into the waterways and fetch the flock toward Marcks. Once the geese were brought in tight to him, they flew off.

"After you harass them a few times they leave," he said.

The \$2,000 price tag, Marcks said, "sounds like a lot, but you spend more

Kick 'em out now, or watch out in the future

By MARK LESLIE

HOWELL, N.J. — David Marcks of Geese Police Inc. said golf courses and others who delay dealing with their geese problems will see those problems exacerbated.

"Is there a population problem? Absolutely," he said. "Will it double in the next five years? Absolutely. If the trend contin-

ues and you think there are a lot of geese now, just wait."

David explained that the major concern is not with migratory geese, who simply pass through on their way south or their return north. Rather, it is the resident geese.

A true migratory bird does not breed

An entire industry has been born

By MARK LESLIE

What began humbly, with one border collie at one golf course, has mushroomed into an industry, with franchises from New Jersey and Connecticut to Long Island, North Carolina, Chicago and Seattle.

"It's turned into an unbelievable business. I never expected it to grow so fast, or get so big," said Richard Marcks, who first dreamed up the idea of sicing a border collie on the geese which had so troubled and spoiled Fairview Country Club in Greenwich, Conn., where he worked as property manager.

Marcks, who in March moved to Crumpin-Fox Club in Bernardston, Mass., saw the success of his simple idea turn into Geese Police Inc., a multimillion-dollar business servicing hundreds of corporate and municipal clients — and golf courses — whose parks, grounds, playgrounds and racetracks are beset by the messy geese.

"Actually, we only have three or four golf courses," said David Marcks, Richard's brother whose Geese Police offices in Howell, N.J., serve as the nationwide headquarters. "Most usually end up buying their own dog."

When Richard Marcks' story ran in the March 1994 edition of *Golf Course News*,

BRIEFS

STOTTER MOVES TO JONESES' TRACK

LAS VEGAS — Southern Highlands Golf Club, the new private club co-designed by Robert Trent Jones Sr. and Robert Trent Jones Jr., has named former Shadow Creek Golf Club superintendent Riley Stottern its new course superintendent. President of the Golf Course Superintendents Association of America in 1986-87, Stottern has more than 35 years experience overseeing course construction, maintenance and management. A certified golf course superintendent, he attended the University of Utah in Salt Lake City and studied turfgrass management through Guelph University in Ontario.

Kocher, Jett, people power the difference at Pinehurst #2

By TERRY BUCHEN

PINEHURST, N.C. — Tournament and championship veterans Brad Kocher, director of golf course maintenance, and Paul T. Jett, Course No. 2 superintendent at ClubCorp's Pinehurst are excited about this year's U.S. Open and have an able and efficient staff prepared to show off their talents.

Also a big help is Bob Farren, assistant director of golf course maintenance, who assists Kocher in his daily rounds of overseeing the maintenance of eight courses, including other many-faceted grounds operations.

"We have 24 of the best maintenance employees a golf course could ever want on our payroll, plus 14 student interns," said Jett.

So many people volunteered to work on the Open that "we had to stop all requests last October," said Jett, who kept the volunteer staff to 48. "We could have had 100 volunteers, without question, which shows the industry-wide dedication to Pinehurst and the
