

ON THE MOVE

## Davis moves to WestWorld track

SCOTTSDALE, Ariz. — **Jeff Davis** has been named superintendent for The Sanctuary Golf Course at WestWorld, SunCor's new 18-hole, daily-fee club here.

Davis has more than 11 years experience in the golf industry,

Jeff Davis

overseeing course construction, maintenance and management at courses such as SunRidge

Canyon Golf Club in Fountain Hills; The Loxahatchee Club in Jupiter, Fla.; and the Tournament Players Club at Avenel in Potomac, Md. He also has experience working at Briggs Golf Course Construction in Jupiter.

Davis is a member of the Golf Course Superintendents Association of America and the Cactus and Pine Golf Course Superintendents Association. He is a graduate of The University of Maryland with a bachelor of science degree in turf and urban agronomy.

•••

MODESTO, Calif. — **Daniel McIntyre** has been appointed by Environmental Golf to the new position of course superintendent at Dryden Park Municipal Golf Course here.

Daniel McIntyre

Prior to joining Environmental Golf, McIntyre was a territory manager with Jacobsen/E-Z-Go/Textron. In addition, he worked as a Proturf technical rep-

## Title change ahead

Continued from previous page

Maybe we will make a complete circle and be called "greenkeepers" once again, as we are still sometimes called by the golfing public and media today. And perhaps name our association the National Greenkeepers Association (NGA), which is a simple, less-cumbersome name with a simple acronym. Or how about International Greenkeepers Association (IGA)? Outside of North America, "greenkeeper" is the accepted title worldwide, though some other countries like the United Kingdom and Sweden are following America's lead by trying to upgrade their titles to course manager.

The debate by GCSAA and local chapters will be interesting — another exciting milestone in golf course superintendency in North America.

representative with The Scotts Co. He is a graduate of the University of Wyoming, receiving a bachelor of science degree in entomology and crop services.

•••

STRATFORD, Conn. — Arnold Palmer Golf Management has rounded out its management team at Oronoque Country Club here with the ap-

pointment of **Ward H. Weischet** as the course's superintendent.

Ward graduated from Central Connecticut State University with a bachelor's degree in business management. He has been employed for the past 14 years at Harbour Ridge Golf Club.

•••

SCOTTSDALE, Ariz. — Western Golf Properties, Inc. has selected **William Herring** as course superintendent for Lost Key Golf

Club in Perdido Key, Fla., **Roe Sherbert** as superintendent at Heritage Eagle Bend Golf and Country Club (G&CC) in Aurora, Colo., **Stephen Cohoon** as superintendent at Heritage Hunt G&CC in Gainesville, Va., and **Thomas Wolff** at TPC Snoqualmie (Wash.) Ridge.

Herringhas worked at Cambrian Ridge Golf Course in Greenville, Ala., and as assistant superintendent at Lost Key.

Sherbert was a regional superintendent for American Golf Corp. and superintendent at Arrowhead Golf Club in Littleton, Colo.

Cohoon, a member of the GCSAA Government Relations Committee since 1997, has been superintendent at a variety of clubs, including Southview Golf Course in Waldorf, Md.

The past 11 years, Wolff has been superintendent at Sahalee Country Club in Redmond, Wash.

# Enhance your turf maintenance program all season long.

## MACRO-SORB®

L-AMINO ACID BIOFERTILIZERS  
CALCIUM DEFICIENCY CORRECTOR

Plants save energy when treated with L-amino acids. The saved energy is used for other processes resulting in a healthy and efficient plant that can withstand stress and the onslaught of disease.

Use MACRO-SORB® radicular throughout the growing season to enhance root development, especially when aerating, hydrojecting, overseeding, sodding, or when you are watering in other agrochemical products.

Use MACRO-SORB® foliar throughout the year, especially in stressed areas, to increase chlorophyll formation and photosynthetic capacity, and to enhance the effectiveness other foliar applied products.

Use QUELANT®-Ca (calcium chelated with amino acids) at least once a month to keep calcium levels sufficient within the turf for stronger cell walls, turgidity, and increased disease resistance.

Tank-mix MACRO-SORB® and QUELANT®-Ca with fungicides, PGRs, herbicides, or liquid fertilizers to enhance the efficiency of the agrochemicals and to improve the overall health and quality of your turfgrasses all season long.

For more information about MACRO-SORB® call Nutramax Laboratories at: 800-925-5187
