New wetlands regs could stifle development

By MARK LESLIE

WASHINGTON, D.C. — The U.S. Army Corps of Engineers is implementing a new cadre of wetlands regulations in early 2000 that is expected to impact a far greater number of residential and commercial developments, including golf courses.

Public comment on the proposed Nation Wide Permits (NWP) expires Oct. 6, making the way for the new rules which affect jurisdictional waters of the United States — wetlands, streams, lakes, etc.

Although the new NWPs have not been officially confirmed, experts in the field anticipate few changes before the

Assistants often underappreciated

By PETER BLAIS

While head superintendents are seeking increased recognition and money for themselves, they are also encouraging course owners and members to upgrade the salaries and benefits of their assistants.

Nationally, the mean salary paid superintendents is \$53,205, almost double the \$27,981 average salary of assistants, according to 1998 figures provided by the Golf Course Superintendents Association of America (GCSAA).

Why pay assistants more?

The 8th hole on the Creek 9 at Aliso Viejo (Calif.) Golf Club displays Jack Nicklaus and son Jack II's personal touch. They designed the Ridge, Creek and Valley nines at the new public facility in Orange County.

Nicklauses collaborate for AMH

ALISO VIEJO, Calif. — Jack Nicklaus and Jack Nicklaus II have opened their latest creation, Aliso Viejo Golf Club here, a 27-hole public facility midway between Los Angeles and San Diego.

The ninth Jack-Jack II co-design and the first in California, the project is under the auspices of ClubCorp. USA, Inc. and AMH Golf Corp., a Newport Beach-based land-development company specializing in golf, recreation and hospitality properties.

Carved from a dramatic site offering panoramic views of the Saddleback

Mountains, Aliso Viejo is laid out in three distinctive nines — Ridge, Creek and Valley — and features more than 100 feet of elevation change.

"As I get older, the desire to do a lot of golf courses on my own is diminishing," said Nicklaus. "But the desire to continue what I've built with my family is getting greater. So the opportunity to work with Jack (II) ... is something I look forward to a great deal. We have a good relationship;

STEIDEL'S PRETTIEST AT POLSON

Polson Country Club's 6th hole may be the best par-5 John Steidel has ever designed. It is certainly the prettiest, he said. For more on the new 9, which brings Polson to 27 holes to the Montana facility, see story on page 33.

Machine takes overseeding to next level

By A. OVERBECK

JACKSONVILLE, Fla. — Turf Solutions has developed the Dry Sprayer, a machine using new overseeding technology that dramatically increases the speed, accuracy and germination time over standard overseeding techniques. Adapting air-blast technology commonly found in agricultural equipment, the Dry Sprayer blows seed directly into the turf canopy.

"We have modified this ag-based small crop machine into one suitable for
