We rebuilt or enlarged 9 tees for the 2000 PGA Championship and seeded them all with Penncross

"In preparation for the 2000 PGA Championship, we rebuilt, resurfaced, or enlarged 9 tees. The one I'm most proud of is the rebuilt 7,000 square foot tee for the 4,200 square foot, par 3, Number 11 green. We seeded these tees with Penncross not only for its rapid recovery, but for its ability to survive this summer's increased play and still look and play great for the Championship.

Penncross tees and greens are a perfect match with our Pennway fairways. Penncross and Pennway have proven themselves time and time again to be Championship caliber turfgrasses, and that's why these Penn Pals are our all-around choice for all around Valhalla." *Mark Wilson CGCS, Superintendent*

Turf's life begins
at the roots. Pity it could
end there, too.

The way Ryan and leading agronomists see it, a course's surface is directly affected by what's going on underneath. With aerators that deliver precise, even holes and overseeders that maximize germination, Ryan gets past the compaction and thatch that get in the way of vital nutrients, water and oxygen. Count on the Greensaire® 24

for perfect holes, or the convenience of the GA™-30, the leading rider aerator. There's even a variety of tow-behind aerators, including engine-driven, ground-driven and PTO-powered versions. For details and the Ryan dealer nearest you, call 1-888-922-TURF or visit www.ttcsp.textron.com.
