

Number 18, Country Club of Detroit  
Grosse Pointe Farms, Michigan  
Dan Marco, CGCS, Superintendent  
Bogey, resident Labrador retriever  
H.S. Colt and C.H. Alison, Architects

# “The dog days of summer aren’t so bad with Penn A-4. Just ask my sidekick Bogey.”

“When the thermometer rises in July and August, Penn A-4 performs its best. Members can’t believe how true and consistent these greens putt even in summer heat. They go out of their way to compliment me on these greens—which is great to hear from members who play worldwide.

“The best part is we don’t have to beat our brains out to keep them that way. I treat all greens the same over the entire course, and the first green putts the same as the 18th. With weekly light topdressings, our greens putt consistently every day of the

week. I’ve found that Penn A-4 withstands more foot traffic than other bents—a definite plus since half our rounds are played walking with caddies.

“Sometimes these greens surprise even me. Heck! Even Bogey knows there’s something special about Penn A-4 creeping bent.

During our hot, humid summer months, Penn A-4 makes work—and play—just that much better.”

*Dan Marco, CGCS, superintendent  
Country Club of Detroit*

*Penn A-4 is one of the Penn Pals™, which include Penncross, Penneagle, PennLinks, Penn A-1, Penn A-2, Penn G-1, Penn G-2, Penn G-6, Seaside II, Pennway blend, NuPenn blend, and PennTrio blend.*

THE BEST GREENS AREN'T BUILT.  
THEY'RE MAINTAINED.

No machine maintains greens better than the John Deere 2500 Tri-Plex Greens Mower. After years of extensive testing feedback from literally thousands of superintendents worldwide, the 2500 has been engineered to give an exceptional quality of cut, the utmost in operator comfort, and the highest level of serviceability. Cut is king on the 2500. The cutting unit suspension carries the weight of the lift arms and grass catchers on the traction unit instead of the cutting unit. The 2500 also has the lowest psi of any tri-plex greens mower. And all controls are conveniently located at the operator's fingertips. For a better look at the 2500, call your local John Deere distributor or 1-800-537-8233.

NOTHING RUNS LIKE A DEERE®

JOHN DEERE

# HERE. THERE. EVERYWHERE.

HOW'S THAT FOR APPLICATION GUIDELINES?

On greens. On tees. On fairways, roughs, flower beds, transplants — even in your divot mix. Milorganite delivers outstanding results for a uniform playing surface. No other fertilizer is easier on plants or simpler to use. Milorganite's slow release, organic nutrients won't burn or cause a flush of growth. Plus, it's high in micronutrients such as iron to promote dense, vigorous turf. And Milorganite resists leaching, for a sound environmental profile. So call your distributor today, or call Milorganite's turf professionals direct at **1-800-304-6204**. It's easy.

# NITROFORM®

## *Proven Performance for Soil and Turf*

**N**itroform® does much more than make your turf green. It delivers value throughout the growing season and beyond: Nitroform® is a steady, long-feeding and predictable nitrogen source. Released by soil bacteria, it nurtures *the life of the soil*, as the nitrogen becomes available when it's needed most. Because the carbon:nitrogen-linked polymers range from sparingly soluble to water insoluble, Nitroform® is highly resistant to leaching. The enhanced microbial activity keeps thatch in check while influencing significant root development for stronger turf. Nitroform's® low salt index of (10) takes the worry out of burning and streaking.

Do not simply fertilize your turf, enrich the life of the soil...nourish both with high value premium nitrogen Nitroform®. For more information on Nitroform®, contact us at **1-888-370-1874**.

## Now there's a better solution. Odorless Primo MAXX®.

### **A clearly superior formulation with no odor.**

Primo MAXX is a microemulsion formulation—it contains no petroleum solvents. Allowing you to apply a PGR that's as clear as water, and odorless as well.

### **Easy to use.**

Primo MAXX won't crystallize, settle out in the spray tank, or clog spray filters. And it can easily be tank mixed with pesticides and fertilizers. In addition to its ease of use, its label signal word is CAUTION.

### **Excellent pre-stress conditioning.**

Prepare your course in advance for an entire season of wear and weather. Primo MAXX helps create denser, healthier turf to protect against the extremes of heat, rain, drought, and heavy traffic. Which is why over 120 tournament courses depend on Primo MAXX.

**To learn more about Primo MAXX, call 1-800-395-TURF to contact your local Syngenta sales representative.**

# THE FAST WAY

## TO TOPDRESS AND GROOM YOUR TURF

The GreensGroomer's Patented design uses 14 separate brushes to move the sand in all directions, gently rubbing it in and filling aeration holes without scuffing or bruising the turf

Used by top courses from St Andrews to Augusta

"This one pass system is an effective grains-keeper, greens brushed every 2-4 days, top-dress every 8-10 days and finish in 2-3 hours without interruption to the golfing schedule."

Mark Wilson, CGCS, Valhalla Golf Club

You can even rub in while you spread!

The 17' wide Triple Gang quickly grooms Fairways, stands up the grass before mowing, and disperses dew and worm casts.
