

Number 18, Country Club of Detroit
Grosse Pointe Farms, Michigan
Dan Marco, CGCS, Superintendent
Bogey, resident Labrador retriever
H.S. Colt and C.H. Alison, Architects

“The dog days of summer aren’t so bad with Penn A-4. Just ask my sidekick Bogey.”

“When the thermometer rises in July and August, Penn A-4 performs its best. Members can’t believe how true and consistent these greens putt even in summer heat. They go out of their way to compliment me on these greens—which is great to hear from members who play worldwide.

“The best part is we don’t have to beat our brains out to keep them that way. I treat all greens the same over the entire course, and the first green putts the same as the 18th. With weekly light topdressings, our greens putt consistently every day of the

week. I’ve found that Penn A-4 withstands more foot traffic than other bents—a definite plus since half our rounds are played walking with caddies.

“Sometimes these greens surprise even me. Heck! Even Bogey knows there’s something special about Penn A-4 creeping bent.

During our hot, humid summer months, Penn A-4 makes work—and play—just that much better.”

*Dan Marco, CGCS, superintendent
Country Club of Detroit*

Penn A-4 is one of the Penn Pals™, which include Penncross, Penneagle, PennLinks, Penn A-1, Penn A-2, Penn G-1, Penn G-2, Penn G-6, Seaside II, Pennway blend, NuPenn blend, and PennTrio blend.

Unfortunately, iron-rich Milorganite only improves the look of turfgrass.

Golfers haven't always been known for their fashion sense. But when it comes to golf courses, they have impeccable taste. Milorganite is rich in iron that is released naturally, giving your turfgrass a steady diet of usable iron nutrients over time. The result is a look that never goes out of style: a rich, plush green that golfers of all tastes prefer. For complete details, visit us at milorganite.com or call us at 1-800-287-9645.

PARTICULAR ABOUT YOUR FAIRWAYS?

OR DOWNRIGHT OBSESSIVE?

For those who think their fairways can never be too clean, we submit our B Series Lightweight Fairway Mowers and our Fairway Tender Conditioners (FTCs). Just by putting FTCs on our 3215B, 3235B, or our new 3225B, you'll discover what clean really means. Grass stands up for an even, clean cut and a true playing surface. And the rear roller power brush finishes

the job up right by removing built-up material as well as dispersing any leftover clippings. You'll also find an improved yoke and ball joints for better grass collecting; and an electric fan drive for improved noise levels and engine cooling.

Call your local John Deere Golf & Turf Distributor or 1-800-537-8233 for a demonstration. Nothing Runs Like a Deere®

Our new sprayers have hydraulic drive

Hydro Drive eliminates mechanical systems

7.1 PSI footprint floats over greens

Turning radius allows maneuverability around the tightest greens

Precise controls for spray application rates

Now we've eliminated all the problems of mechanical drives...as well as our competition.

Smithco Spray Star 1000 - the only sprayer made just for greens and tees

This all-new low-profile sprayer offers you exclusive hydrostatic drive and a remarkable level of sophistication at surprisingly affordable price:

- Smithco's new Hydro Drive System eliminates belt drive/3 speed mechanical system maintenance and delivers power smoothly through-out every speed range
- Turning radius allows maneuverability around the tightest greens.
- 7.1 PSI footprint floats over greens.
- Extremely precise controls for spray application rates plus hydraulic power steering and the choice of computerized or manual spray control system.

Smithco Heavy-Duty Spray Star 1600H

Smithco's large-capacity 160-gallon sprayer is designed for tees and greens as well as fairways. Exclusive hydraulic drive provides extremely precise applications of chemicals

with the power and maneuverability to handle the tightest areas. A variety of options make the Spray Star as sophisticated a sprayer as you could want. Superior in every way to its competition.

Call Toll Free 1-877-833-7648 and we'll arrange for a demonstration of the new Smithco Sprayers, Bunker Rakes, Sweepers or any other Smithco product.

COVER MORE TERRITORY WITHOUT LEAVING TRACKS BEHIND.

Introducing the industry's lightest 7-gang mowers. Weighing in at roughly 750 pounds less than other 7-gang mowers, the Jacobsen LF-4675 and LF-4677 models are the lightest available. Plus, you get a legendary Jake cut that stretches across nearly 140 inches — about 40% wider than with a 5-gang mower. While these 7-gangs may be new, their 22-inch cutting reels and chassis are not.

In fact, both models are built on the same time-tested chassis as our popular LF-3400 and LF-3800 fairway mowers, so you'll get the same reliable performance. Not to mention, those fairways will be cross-cut in no time — without the worry of leaving tire tracks behind. For more information or a free demonstration, call 1-888-922-TURF or visit www.ttcsp.textron.com.
