

Test Drive a SMITHCO and Win an All-Expense Trip for Two to the 2003 British Open

Call Toll Free 1-877-833-7648

and we'll arrange for a demonstration of any Smithco product.

Test drive any product and here's what you could win:

- Trans-Atlantic round trip air fare for two from an airport near your home town to the 2003 British Open, July 17-20, at the Royal St. George's Golf Club in Dover, England.
- Transfers from the airport to your hotel and back.
- DeLuxe hotel accommodations for two for 4 nights.
- Breakfast each morning at the hotel.
- Lunch and dinner at the hotel or at a selected restaurant in the area.
- Cocktail Party.
- Tickets to the British Open each day.

TEST DRIVE a Smithco Trap Rake

The most advanced sand maintenance rakes made with special engineering features to give you perfect firmness and finish. The standard by which other rakes are judged.

TEST DRIVE a Smithco Sprayer

Our all-new, low-profile sprayers offer you exclusive hydrostatic drive and a remarkable level of sophistication at a surprisingly affordable price.

TEST DRIVE A Smithco Sweeper

These sweeper-vacuums hold up to 7-cubic yards of compacted debris. But the first thing you'll notice is how quiet they run thanks to a polycarbonate liner inside the fan housing.

***How do you get
more power to
the root of your
weed problem?***

 **Roundup**
PRO
Herbicide

The proof is in the leaf.¹

Monsanto scientists used scanning-electron microscopy to photograph the effects of weeds sprayed with Roundup PRO and an imitator. Taken just one hour after application, these images clearly show more formulation in the leaf sprayed with Roundup PRO.

Get Roundup PRO[®] herbicide with patented PROformance[™] technology.

In the first two hours, it delivers three times more power to the roots than Syngenta's latest imitator product.

The proof is in the roots.²

Scientists also used autoradiography to photograph and measure the amount of herbicide in the roots two hours after application. Time after time, at least three times more herbicide showed up in the weeds sprayed with Roundup PRO. With the imitator, barely any herbicide has moved to the roots.

This is a cross-section of a weed leaf magnified 1000x. The yellow droplets mean Roundup PRO is already at work inside.

Roundup PRO
Herbicide

This weed, sprayed with the imitator, has almost no droplets in the leaf.

Syngenta's latest imitator product

In the first two hours, almost no imitator herbicide has moved to the roots.

Scientific photography taken two hours after application shows three times more Roundup PRO in the roots. More color means more herbicide.

The proof is in your control.

See for yourself the difference Roundup PRO with patented PROformance technology can make in your weed management. See your dealer or call 1-800-ROUNDUP for more information.

Free video shows science in action.

See PROformance technology at work in a free, five-minute video. Scientists Dr. Tracey Reynolds and Dr. Jimmy Liu demonstrate the autoradiography and cryo-SEM techniques used to compare Roundup PRO with an imitator on two identical weeds.

Call **1-800-ROUNDUP** and ask for your free Roundup PRO video today!

Always read and follow label directions. Test conducted with MON 77360, EPA Reg #524-475 with comparison to Syngenta product carrying EPA Reg. #10182-449. 1. Test methodology: In scanning-electron microscopy, Monsanto scientists identified penetrated formulations of both Roundup PRO and Touchdown Pro in the mesophyll cell layer. These micrographs support the evidence that formulations containing Monsanto's patented PROformance technology rapidly penetrate the leaf surface. 2. Test methodology: Radiolabeled formulations were applied at equal acid-equivalent rates. Radioactivity was visualized by autoradiography following a simulated rain event two hours after application. 1/ To determine statistical differences among entries, subtract one entry's mean from another entry's mean. Statistical differences occur when this value is larger than the corresponding LSD value (LSD 0.05).

2/ C.V. (Coefficient of Variation) indicates the percent variation of the mean in each column.

- Free seed limited to 100 lbs. per golf course
- Offer excludes Certified Pennway and Pennway blends
- Program ends June 30, 2002
- Approved management practices available on line at www.tee-2-green.com
