

Hobo water level logger

- Pressure-based water level recording device
- Records water level and temperature
- Provides 0.1 percent full-scale accuracy with a 30-foot-measurement range
- Stand-alone unit simplifies deployment

Onset

Circle 200 on reader service form

Aloha seashore paspalum

- Takes as much as 50 percent less water than Bermudagrass
- Can be irrigated with recycled and highly salty water
- Tee-to-green usage
- Fairly shade and cold tolerant
- Takes as much as 75 percent less nitrogen for fertilization than Bermudagrass
- Resistant to green bug aphid

The Aerating Fountain

from Otterbine

AT OTTERBINE, we know that water quality is equally as important as aesthetics. That is why our Aerating Fountains are tested at the University of Minnesota and have been proven to create excellent circulation and oxygen transfer.

Otterbine aeration systems effectively induce oxygen into the water column promoting natural aerobic digestion of excessive waste, run-off and algae that can consume your water features.

Effective circulation is key in reducing algae and the beauty of an Otterbine spray pattern speaks for itself!

OTTERBINE AERATORS:

- Virtually Eliminate Algae and Odors
- Are Ideal for Irrigation Ponds
- Stand up to Brackish and Effluent Conditions
- Offer the Strongest Warranty in the Industry

Detachable pull cart

- Marries pull cart with motorized golf cart
- Can speed play and maximize the number of rounds per day
- Quickly lifts and locks on and off golf carts
- Lets golfers keep a full bag of clubs at their sides even when riding carts are restricted to the cart path

Cassini

Circle 212 on reader service form

Surveyor central control system

- Flow balances large systems (as much as 999 controllers, more than 100,000 stations) to station level
- Two modes of automatic irrigation: traditional sequential or by plant management and location groups
- Radio and/or hardwire communications with the company's VSX controllers, including decoder controllers
- Task Scheduler automates common tasks and serves as personal calendar – can track and schedule years ahead
- Accepts scans, aerial photos and autoCAD imports

Hunter Industries

Circle 216 on reader service form

SGCZ2500 reciprocator

- Heavy-duty edger, trimmer, pruner and brushcutter
- Gear case's back-and-forth scissors action lets the reciprocator cut without throwing sand and debris
- The 25.4 cc two-cycle strato-charged engine doesn't need a catalytic converter or valve maintenance
- Fewer moving parts than four-cycle engines
- Backed with two-year commercial warranty

RedMax

Circle 214 on reader service form

Drainage system

- Virtually invisible
- Ideal for new construction and renovation of existing courses
- Cost-effective alternative to sand capping fairways
- For courses using reclaimed water
- Provides permanent aeration system that improves infiltration rates and distribution uniformity of irrigation systems
- 1.5-inches wide
- Minimizes runoff by diverting excess water to 2-inch piped subdrains

QuikDrain Systems
