### GooseBuster repellent

- Unit features alert and alarm calls of Canada geese, recorded in the wild
- Other options include gunshot and coyote sounds
- Designed to trigger a response in geese that causes them to leave an area in panic
- Includes a control unit, four directional speakers with 100-foot cords and a 24-hour timer
- Covers as many as 7 acres

Bird-X

[golfcourseindustry.com/readerservice # 203](http://golfcourseindustry.com/readerservice#203)

### Surfactant applicator

- Redesigned with a brass control valve for durability
- Precision spray nozzle is designed to put down a large volume of water with a wide, precise droplet-distribution pattern
- Can be transformed into a syringe nozzle for watering greens and tees
- Ideal for applying the Advantage surfactant pellet

Aquatrols

[golfcourseindustry.com/readerservice # 204](http://golfcourseindustry.com/readerservice#204)

### GreensKeeper gas-powered trailer

- Designed for topdressing incorporation, turf grain management and heavy topdressing incorporation after core aeration
- Soft, pliable bristles are firm enough to do the job without damaging grass plants
- Rapid brush rotation contacts grass from all directions, causing turf to stand up
- Powered by a 3.75-hp Briggs & Stratton engine or an optional 5.5-hp Honda engine
- Electric lift cylinder raises and lowers brush pan
- Fits most vehicles

Broyhill

### Core Buster drag mat

- Interlocking 20-by-20-by 2-inch grid panels allow the user to choose the size
- Made of rust-free polyethylene
- Lightweight design allows for easy transportation
- Panels can be stacked, or the full mat can be hung for storage
- Available in 160-by-60-inch or 100-by-60-inch sizes that can be reconfigured

Par Aide

[golfcourseindustry.com/readerservice # 206](http://golfcourseindustry.com/readerservice/#206)

### Portable soil flux system

- Features an accurate, stable, fast-response carbon dioxide gas analyzer in the specially designed chamber head
- Carbon dioxide and water can be controlled automatically within the soil chamber
- Graph display allows the monitoring of soil flux trends and real-time plotting of experimental curves
- Will operate continuously for as long as 16 hours on a single charge
- Weighs 11.4 pounds

Dynamax

[golfcourseindustry.com/readerservice # 205](http://golfcourseindustry.com/readerservice/#205)

### iMatch Quick-Hitch

- Enables tractor users to hook up the PTO drive shaft of rear rotary cutters and tillers without leaving the operator's seat
- Available as an option on compact utility tractors
- Can be retrofit to existing tractors
- Operators simply need to back the tractor to the implement, raise the 3-point hitch to connect the implement and secure the latches
