

JULY 2010

# SMART IRRIGATION

S4

## DEEP ACCESS

Providing users with more detailed data, Toro's recently released Lynx irrigation control system has begun to make waves.

S10

## SENSING MOISTURE

As legislative pressure to limit water usage increases, soil moisture sensing systems are becoming the go-to tools for smart water practices.

S18

## ALL WET

Correcting the problem of hydrophobic soils, superintendents utilize wetting agents to lower irrigation costs.
