

SOD CUTTER TRAILER

Bob Pruneau, equipment manager at the Halifax Golf & Country Club (Old Ashburn), Halifax, Nova Scotia, Canada, designed and built this Ryan Jr. Sod Cutter user-friendly trailer. When the tow bar is in the vertical position, the sod cutter is attached to the trailer with a 1-inch x 32-inch long round rod stock that slides through factory-drilled holes in the sod cutter, with holes drilled on each end of the rod for lynch pins to hold it in place. The tow bar is then lowered to the horizontal position and the sod cutter is cantilevered onto the trailer with a perfect weight balance. 2-inch x 2-inch x 1/8-inch thick square tube stock & 1/8-inch flat metal stock was all welded together and painted green and one recycled axle with 16.5-inch x 6.5-inch x 8-inch wheels and four-ply turf tires were used. The materials were all recycled and in inventory, except the primer and paint at \$15, and the labor time was about six hours.

Terry Buchen, CGCS, MG, is president of Golf Agronomy International. He's a 41-year, life member of the GCSAA. He can be reached at 757-561-7777 or terrybuchen@earthlink.net.
