

# Rhizomatous Tall Fescue

Beautiful Self-Repairing Turf

With RTF Fun Doesn't Come at the Expense of Your Turf

## THE BARENBRUG ADVANTAGE

RTF is an advanced generation of the turf-type tall fescue that produces a thick rhizome based root system that supports unparalleled thick turf. Turf that actually repairs itself when damaged.

The Key is in the rhizomes.

The new RTF rhizome technology actually fills in damaged bare spots and produces a more attractive, uniform turf area.

If your goal is world class turf in an environment of divot prone golfers, cleat-first sliding soccer players or even over active children on a home lawn, RTF is the advanced solution that comes to the rescue.

If it's Rhizomatous Tall Fescue, it must be RTF. So unique it's recognized with a patent.

U.S. Patent No. 6,677,507
