

IT'S HAMMER TIME!

MALLET™
INSECTICIDE

Introducing the new imidacloprid option that can't miss

Mallet™ is Nufarm's newest insecticide using the proven technology of imidacloprid to provide residual control of a wide variety of insect pests, such as white grubs, cutworms and billbugs in turf and aphids, beetles and other troublesome pests in ornamentals.

While others have rushed out the door to take advantage of off-patent opportunities, we have taken time to ensure that our supply source is secure, that our registrations allow us to be innovative and that our formulations have been extensively tested, ensuring that you get the premium quality and service that you've come to expect from Nufarm Turf & Specialty.

- ▶ Mallet™ 2F is a 2 lb. flowable concentrate containing 21.4% imidacloprid
- ▶ Long-term curative and preventive action with just one application
- ▶ Available in 2.5-gallon or 60 ounce jugs
