

A new degree of control.

The *newly labeled* insecticide from Syngenta.

Get outstanding control of insects around the green—fairways, and tees as well—with Meridian™ insecticide. Featuring an active ingredient new to turf, Meridian offers preventive and curative broad-spectrum control of grubs and other soil and foliar insects at low rates. And Meridian moves quickly and easily into and through the plant, enhancing its curative properties and efficacy on trees and shrubs. Isn't it time to step up your control?
