

NON-STABILIZED NITROGEN.

STABILIZED NITROGEN.

WAIT NO LONGER FOR A BETTER NITROGEN SOURCE.

Slow release nitrogen fertilizers can starve your turf while waiting for soil temperatures high enough for soil microbes to release the nitrogen. Not UMAXX® Stabilized Nitrogen. In any season UMAXX provides a steady, dependable supply of nitrogen to your fairways and greens. Apply as a granule or melt and spray. Either way, it is the most efficient source of nitrogen you can find. Why wait? And ask your distributor for UMAXX in all seasons.
