The Peerless Mower Sharpener

The Peerless Lawnmower sharpener grinds all makes of Power, Horse and Hand Mowers in 20 to 30 minutes, with razor-like edge, giving any desired clearance or bevel. Mowers run easier, less power required, hence more speed. One owner reports they have dispensed with one man. Another writes: "The Peerless Sharpener saves us \$700 to \$800 annually." fall larger quantities should be used, because the grass plants at this time make their most rapid growth. A heavy winter dressing is not recommended whether it be of compost or sand; suffocation may follow.

Conclusion

To sum up, a compost for top-dressing should be composed of the best possible ingredients; it should be applied at the right periods in the right amounts with the proper combination of fertilizer and water. Grass must be treated as carefully as any other cultivated plant. Remember that and you will never be far wrong.

Keeps Daily Watch on Feeding Finances

WITH a comparatively short busy season it doesn't take long for a club restaurant to run hopelessly behind in the year's operations. To keep a close check on food expense and receipts one of the well managed metropolitan district clubs devised the accompanying form which, even with the necessary estimated items, is proving a practical and positive aid to thrifty operation.

COUPON SCORE CARD HELPS HANDICAPPERS

Getting members to turn in their scores for proper handicapping continues to be a major problem for the handicapping committee. An interesting and helpful idea that has been put forth for getting the scores is the coupon score card developed and supplied by the Graphic Score Book Co., Park Ridge, Ill.

Of this unique card, now being used successfully at a number of clubs, the Graphic Score Book Co. says:

"A strip of four detachable coupons (one coupon for each player), is provided, upon which may be entered the individual names, out, in and total scores, and the date. These coupons are easily detachable from the body of the card, either in strip or separately, by tearing along the lightly-perforated lines. Filled in with the scoring information required for handicapping or score record purposes, the strip of coupons may be deposited in a box provided for the purpose on the way to the lockers; and, the score-card with the records of hole-by-hole play remains in the possession of the players to be used as they please.

"Fully 90 per cent of all foursomes regularly play Nassau matches or team matches. The customary score card does not provide space for the scoring of these matches. The coupon score card is designed so that the hole-by-hole results of such matches may be entered in a column that separates the scoring-columns of the usual partners, Players No. 1 and No. 2 from their opponents, Players No. 3 and No. 4."

Free samples of the card will be mailed to club officials.
