COUPON SCORE CARD HELPS HANDICAPPERS

Getting members to turn in their scores for proper handicapping continues to be a major problem for the handicapping committee. An interesting and helpful idea that has been put forth for getting the scores is the coupon score card developed and supplied by the Graphic Score Book Co., Park Ridge, Ill.

Of this unique card, now being used successfully at a number of clubs, the Graphic Score Book Co. says:

"A strip of four detachable coupons (one coupon for each player), is provided, upon which may be entered the individual names, out, in and total scores, and the date. These coupons are easily detachable from the body of the card, either in strip or separately, by tearing along the lightly-perforated lines. Filled in with the scoring information required for handicapping or score record purposes, the strip of coupons may be deposited in a box provided for the purpose on the way to the lockers; and, the score-card with the records of hole-by-hole play remains in the possession of the players to be used as they please.

"Fully 90 per cent of all foursomes regularly play Nassau matches or team matches. The customary score card does not provide space for the scoring of these matches. The coupon score card is designed so that the hole-by-hole results of such matches may be entered in a column that separates the scoring-columns of the usual partners, Players No. 1 and No. 2 from their opponents, Players No. 3 and No. 4."

Free samples of the card will be mailed to club officials.
