

## For the Control of Brown-patch on Golf Greens

**TURFCALOMEL** is the outcome of experiments to determine the most satisfactory, efficient, convenient, and safest fungicide for both large and small brown-patch. It contains both corrosive sublimate and very finely powdered calomel carefully adjusted in composition with mineral matter. This composition has distinct advantages. It prevents caking, gives bulk, and allows of a more even distribution of the active ingredients—thus reducing to the minimum any possibility of burning the turf. Will also serve to eliminate earthworms.

## Simple Time Card Keeps Check on Budget

**T**HIS is the time card used by the New Albany (Ind.) Country club in keeping a close record on its costs. Every card must have the O. K. of the greenkeeper before a man's time is paid, and the president and green-chairmen keep close supervision over the summaries.

Dr. A. P. Hauss, president of the club, says the card has worked out well in keeping the club working in accord with its

### This Time Card Has Worked Out O. K. at Good Small Club.

budget. It has proved simple enough to be correctly kept. Dr. Hauss says he has noticed that many of the men to whom writing doesn't come easy take more pains in presenting a strictly accurate card than do the better educated ones, thus answering the possible objection that the card is too complicated for some of the course labor. He finds that the consultations among the men that may be necessitated by such reports help to set a good pace for the force.
