An expected announcement issued by the Kewanee Private Utilities Company, Kewanee, Ill., concerns the advent of a complete line of Kewanee Centrifugal Pumps.

"We now have," said Vice-President Errett, "a line of centrifugal pumps which would embody the same precision and careful workmanship and the excellence of material and design, which has characterized the 'Kewanee' name in the displacement pump field for the past thirty years.

"We are offering this line with an 'up-to-the-hilt' guarantee.

"Our present line of displacement pumps will, of course, be continued."

PROFESSIONALS COMMENT on PROGRESS for the P. G. A.

Continued from Page 11

the pro. The experienced man who has learned the game from the ground up, starting in the caddie ranks, in the shop through the caddie-master's job, club-maker, assistant and the like, putting in years of study and concentration, taking the hard knocks as they come along, surely knows what service is, and service is the keynote of the golf shop operation.

This type of man should not be supplanted by a high-powered golfer who happens to be conspicuously in the public eye at any particular time. As you say in your article, the hiring of "half-baked" kids who will take a job for any little money, just for the title of pro, generally results in the club taking away the concession privileges. Then the club employs the practical man, which should have been done in the first place.
