

**WE WILL SELL A THREE-
RACEWAY TOBOGGAN SLIDE
FAR BELOW ITS COST
TO INSTALL!**

Changes in our golf course for the 1931 season make this necessary.

**A CHANCE YOU MAY NEVER
HAVE AGAIN OF EXTENDING
YOUR WINTER SPORTS AND
MAKING YOUR CLUB MORE
POPULAR!**

Here is a description of the slide and equipment:

Three raceways with structural steel frame members and legs. The legs are counterbraced with rods and turnbuckles. Assembly requires eight concrete piers on which legs are mounted. Top clear space is level, fenced in, and will accommodate about twenty people at one time. The flooring is 3-inch maple, bolted and with clips. Starting rail, slide dividers, etc., are complete. The right-hand side looking down is a fenced and railed climbing aisle, complete with angular treads for good traction. Three electric light standards are part of the equipment. In addition, there are twelve 8-foot toboggans in good condition, equipped with cushions.

If you are interested, we suggest a visit of inspection or write Black River Country Club, Port Huron, Mich., for additional information.

**BECKLEY-RALSTON HAS NEW
PUTTING GAME**

Chicago, Ill.—The Beckley-Ralston Co. has a new home putting game played with an ingenious device, a putting trap of regulation size that sets on the floor without injury to the rug, and catches and holds the ball if the putt is accurate. Regular golf balls are used and the trap is adjustable to take care of either the old or the new size golf ball. Players use their own putters. Books, tables, etc., are used for hazards.

These traps make up a very fascinating game that amuses the whole family during the winter months. They are made of metal and come in lacquer finish in three colors—red, yellow and green. They retail for 75c each, or in a set of three packed in a box for \$2.00, and have a good pro discount.

Manager Bohen of Chevy-Chase advises separating cups and demi-tasse cups and saucers, also glass, and washing separately to reduce breakage.

John Keenaghan of the Beach Point club says: "To check up on kitchen napkins for cooks, etc., have a red thread run through them from end to end.
