

BENT GRASS SEED

Direct from the farms where it grows

It has been broadcast that there is a shortage of Bent Grass Seed in this country, due to the increase in tariff.

It is true there has not been so much imported from Germany and New Zealand, but there is no shortage in the production of the native grown Winter Hardy Bents that produce the finest turf of anything in existence. The American farmer is increasing his areas very materially and we are not increasing our prices.

Winter hardy BENT GRASS SEED grown under the rigid climatic conditions of New England makes the most permanent and desirable turf for your greens, fairways, tees, fine lawns, etc.

A. N. PECKHAM
Kingston, Rhode Island

	PRICES	
	100 lbs.	100 lbs.
R. I. BENT (so-called Colonial Bent)	\$1.15	\$1.00

FAIRWAY MIXTURE (composed of four different varieties of fine turf grass seed including Bent)65	.60

IDEAL ESTABLISHES SIX NEW SALES AND SERVICE STATIONS

Lansing, Mich.—Since close of the 1930 season the Ideal Power Lawn Mower Co. has shown considerable activity in the way of establishing new sales and service organizations for the preparation of 1931 business.

In the Pittsburgh district the Golf & Lawn Equipment Co. opened a complete sales and service at 310 Duquesne Way, Sewickley, this establishment being in charge of H. H. Nichols who was formerly a factory representative of the Ideal company covering considerable territory in western Ohio and eastern Pennsylvania, and who has wide acquaintance among golf officials and greenkeepers in Pittsburgh and adjacent territory. This service station is completely equipped with special equipment for servicing all Ideal products.

In Cincinnati, C. S. Schneider is operating the Ideal Power Lawn Mower Sales & Service, carrying a complete stock of Ideal equipment, golf course supplies and also maintaining fully equipped service station for the repair of all Ideal products. Schneider was formerly in charge of the lawn

mower department of the former Ideal dealer in Cincinnati.

In Cleveland, James R. Howell Co., which has been Ideal distributor for a number of years, this year completely overhauled and re-equipped its service station so that it can give factory service on all Ideal equipment. The Cleveland distributor will also this year enlarge its sales force, taking over considerable additional territory in northeastern and eastern Ohio.

Earl F. Bahm has been appointed as the authorized Ideal distributor in Buffalo, replacing former dealer, and the Buffalo distributor also has a plant completely equipped for giving factory service on all Ideal equipment. The Buffalo distributor will handle considerable territory in the western section of the state and as far south as the Pennsylvania line.

At Erie, Pennsylvania, Bahm & Mueller will handle Ideal equipment for '31, also operating a complete service station. Ideal also has entered into new selling arrangement for the entire province of Quebec, Canada. Mowers for that section are to be distributed through W. H. Perron & Co., Ltd., Montreal, Quebec.

The 4-Ball Machine is used on full-size links (12-Ball on all other courses.)
