

Westwood's Work Keeps Greensmen Stepping

By WALTER C. REED

(Continued from Page 33)

- 1 mechanic is kept busy keeping all tools in first-class working condition, including tractors, trucks, lawn mowers, and all other tools and implements. It is his job to maintain in good condition the club's drainage and water systems.
- 4 men water greens, tees and approaches; care for the flower garden, the trees, nursery, etc.
- 4 men keep six tennis courts, the Green Section experimental garden and the swimming pool, drained and scrubbed every Monday, in good condition. These men have three acres of bent lawn around the clubhouse to be kept cut and watered; shrubbery to be watered when needed and spaded over once each month; walks to be kept clean of weeds and in good shape.
- 1 foreman checks the assignments of the men and sees that every man is doing his work properly. My foreman and I sit down one-half hour each day and plan our work for the following day.

In this way we have our work running smoothly at all times. Everybody works here; this is no old soldiers' home. We have twenty-five men in busy season, only four during the winter.

Michigan Holds Greens Short Course, Feb. 16-19

MICHIGAN State College of Agriculture will hold a short course for greenkeepers Feb. 16-19.

John Dustin, president of Western Michigan Greenkeepers' Association, will serve as chairman. Profs. Millar, Grantham, Harmer, Robey, Halligan, Musselman, Muncie, Megee and Pettit of the college faculty will be on the program. Others who will figure in the short course are C. A. Stahl, Michigan state seed analyst; Herb Shave, president of Michigan and Border Cities' Greenkeepers' Association, and representatives of the Green Section.

Complete details of the course may be secured from Prof. C. E. Millar of Michigan State College, East Lansing, Mich.
