

ers who are entitled to recognition by the official body.

"And what a world of interest could be developed!"

Difficulties of handling the field that probably would be attracted by such a national event seem to be almost insurmountable, but the proposal has been looked on with favor by several state golf associations. The suggestion also has served to revive interest in the green section tournament which was a handicap match play against par event staged simultaneously at clubs all over the country. A dollar entry fee was required, of which 25 cents went for purchase of local prizes and 75 cents went to the green section endowment fund. The event was held in 1924, 1925 and 1926 and raised a good amount of money for the cause. A prize to the national winner was given by the U. S. G. A.

Reception of Goit's handicap tournament idea by the press and players indicates that the time may be right for restoring the green section handicap tournament.

**PHILPOT IS HAGEN LINE NEW SALES MANAGER**

T. G. Philpot, who is especially well known in Pacific coast golf as head of a successful golf goods distributing company, has been made sales manager of the L. A. Young Co.

In making the announcement of Philpot's

T. G. Philpot, New Hagen Sales Manager

appointment, A. C. Link, vice president and general manager of the Young company, cites the coast man's lively and effective work in helping pros promote sales. Philpot made his debut as sales manager at the annual sales meeting of the Walter Hagen line's representatives.

**MICHELL'S GRASS SEED**

*for the*  
**GOLF COURSE**

**Prince Edward Island Bent**

Ideal for the putting greens; certified and sealed in 50-lb. bags by the Canadian Dept. of Agriculture.

**Seaside Bent**

True creeping variety; makes an ideal putting green turf; certified and sealed in 50-lb. bags by the Oregon Dept. of Agriculture.
