

JACK DARAY

Winter Address: 1640 W. Beach Drive,
Biloxi, Miss.
GOLF ARCHITECT
Personal Supervision of
CONSTRUCTION AND MAINTENANCE

Its makers say of the machine: "It is light, speedy, powerful and noiseless. It pulls from 5 to 7 30-inch cutting units and rollers weighing up to 6 tons. It will also pull sprayers, plows and discs and is equipped with all steel dump body for hauling dirt and sod. An adjustable hitch is provided so that any make or style of implements such as mowers, sprayers and rollers may be attached quickly. The steel tractor wheels run on Timken roller bearings and owing to their wide surface and rolled edge rim, do not tear up or damage the turf. Repairs are seldom required."

The Staude has been manufactured continuously since 1916 and is sold on a money-back guarantee. It is sold and can be serviced by any Ford dealer. The E. G. Staude Mak-A-Tractor Company, St. Paul, Minnesota, will furnish additional information without obligation to anyone interested.

BAYER UPKEEP MOVIE GOES BIG AT GREENS SHOW

New York City.—A feature of the recent N. A. G. A. Convention and Show was the educational motion picture film "Golf Hazards," presented by Bayer-Semesan, and showing a golf match between the greenkeeper and his green-chairman an unusual scene of a Rhizoctonia fungus actually growing and producing its mycelium (the cobweb-like growth seen in the early morning on brown-patch spots), views of various types of brown-patch and how to control them—and interesting views of clubhouse and courses.

This one reel film is available either in standard 35 mm. or home movie 16 mm. sizes for showing at greenkeepers' meetings or other assemblies of persons interested in turf by writing to the Bayer-Semesan Co., 105 Hudson st., New York, N. Y., manufacturers of Nu-Green and Semesan. There is no charge for loan of the film.

The Peerless Mower Sharpener

NEW MODEL D
Grinds all type of power-driven, fairway, putting green and hand mowers without removing mower wheels or reel knives. Carriage has travel of 42 inches. Very fast and extremely accurate. 6-inch grinding wheel driven by 1/3 H.P. motor and V belt. Very quiet running.

A Reconditioner Attachment can be furnished at an additional price for "lapping in" putting green mowers with emery paste. This Attachment can be quickly clamped to the Sharpener by two clamps. Write for Catalog.
