feet may be used. Like golf, the competition can be on either a match-play or medal play basis.

A Code-ball course may be laid out on 5 acres or less. Successful installations of Code-ball have been made at several fee golf courses, among them Evergreen and Chicago Meadows. Considerable interest and play has immediately developed at these spots, the simplicity of the game and its natural competitive features turning beginners into fans.

Code-ball has the sanction of the A. A. U. and a standard set of rules and regulations governing the method of play has been issued.

SUPER FLASH PAINTLESS BALL ARRIVES ON MARKET

Chicago, Ill. — The new "Super Flash" paintless golf ball, retailing for 75 cents, has made its appearance in the larger office to which John Wanamaker's Chicago wholesale golf department has been moved, Room 1409, Kimball building, 25 E. Jackson. The new address is a half block away from Wanamaker's former branch in the Lytton building.

George Braid, Chicago branch boss for Wanamaker, says the new Super Flash paintless is one of those great things that sell by test in the absence of words glowing enough to do it justice. At any rate, the balls are going as fast as George can get them.

John Anderson, manager of Wanamaker's wholesale golf department, recently visited Chicago and reported that returns to the pro and player contests offering trips to Scotland are tumbling in from all over the country. Golf business, said Anderson, is satisfactory considering weather conditions early this season.
