### DEVELOP POISON BAIT THAT EXTERMINATES MOLES

Herb Graffis,  
Editor, GOLFDOM,  
Chicago.

Sir:

In May GOLFDOM I note on page 82 an article entitled, "Mole and Gopher Control," written by H. L. Parten. In this article Mr. Parten advises that poison bait does not affect the mole and I'd like to take this opportunity to strongly refute that claim.

For 2 years we experimented with a bait which proved effective on moles. After that period of experimentation, we brought out Dolco Nomole, which has been used by a number of the leading clubs in the country. Incidentally it is being used by the Fresh Meadow C. C., where the National Open championship is to be held. We have here in our office definite proof in the form of letters from greenkeepers, estate managers, superintendents of cemeteries and others, which back our claims to the fullest extent.

Dolco Nomole is easy to apply and does away with unsightly and as you know, gen-

erally unsatisfactory traps. To apply it simply punch holes at intervals of approximately 4 feet in the mole run. Pour in from a teaspoon to a tablespoonful of Nomole. Cover over with earth—do not stamp down. Allow to stand for a day or two and then the runs may be rolled down. Moles can't seem to resist this food and having eaten it, they haven't got a chance.

To tell you truthfully, we were somewhat surprised with the results of our tests and knowing what a field there was for a good inexpensive, yet easy and sure mole-killer, were mighty pleased. Results obtained by actual users in various sections of the country have confirmed our tests and sales on the product have exceeded expectations.

Dolco Nomole is covered by the Dolge test privilege; that is, from any shipment 2 ounces may be used within 30 days of receipt of shipment. If it does not live up to our every claim for it, the balance may be returned to us and no charge made for the amount used in testing. We believe this is fair. We know the product is good and we're willing to give the other fellow a chance to prove it to himself.

Assuring you we will deeply appreciate any consideration you can give this matter, we remain

Faithfully yours,  
 THE C. B. DOLGE COMPANY,  
 LLOYD DOLGE.
