

Danny Williams Made Honorary Life Member by Shackamaxon

DAN WILLIAMS, veteran professional of the Shackamaxon C. C. at Westfield, N. J. was honored by his club recently with the election to honorary life membership. Williams is now starting his 11th year as professional of the famous Westfield club.

He started as caddie-master in 1917 under Cyril Walker, was elevated to assistant professional under Pete O'Hara and also served in that capacity under Bobby Cruickshank at the same club. When Cruickshank left in 1923, Williams was made professional and has served continuously.

Williams is well known both as a tournament golfer and as a teacher but of late has taken over the role of "home pro." He was runner-up for the New Jersey State Open title on three occasions, tying for the title in 1926 with Clarence Hackney but losing in the playoff. He holds the Shackamaxon course record of 65 and has played the par 36 first nine there in 30 shots.

The genial Westfield pro brought out one of the country's brightest young women golfers, Charlotte Glutting, former New Jersey women's champion, and also is instructor for Bob Lester, runner-up for the New Jersey Amateur crown and winner of the Sweetser Cup as well as Gail Wild, metropolitan girls champion.

Miss Wild came to Williams for instruction a year back, after the death of Eddie Wild, one of New Jersey's amateur stars. It was one of Wild's expressed wishes that his daughter be sent to Williams for golf instruction.

Williams is also active in the PGA ranks, having been one of the leaders in the organization of the New Jersey section and has held various offices. At present he is a member of the Board of Directors. A special celebration is planned at Shackamaxon this spring as official presentation of his award by the club.

John MacGregor Named to USGA Advisory Board

JOHN MacGREGOR, superintendent at Chicago G. C., and president of National Greenkeepers Assn. in 1932, has been made a member of the Green Section Advisory committee by the USGA.

PAGE FENCE

● **PAGE FENCE** is more than a product. It is a service. Located throughout the United States are eighty-two Page Service Plants. They distribute and erect Page Chain Link and Wrought Iron Fence. To see that you get the proper fence, properly erected and responsibly guaranteed, look under "Fence" in your classified telephone directory. Find "PAGE" and call that number. Or, write us.
