**PFIZER MERCURIAL MIXTURE CONTAINS 81% MERCURY**

*Write for circular.*

**CHAS. PFIZER & CO., INC.**  
CHICAGO, ILL. NEW YORK, N. Y.

### Use Pencil Erasure to Block Knife Switch Contacts

**WIRES** ARE often quite difficult or unhandy to safely disconnect from small knife switches, and it is frequently necessary and expedient to block one or both

circuits when out of use during the winter. To prevent an accidental or ignorant closing of the switch, a neat little method is shown above.

Force a common lead pencil eraser tip over one or both of the blade clips; the blade then cannot be readily dropped or even forced into contact. The tips fit the clips snugly and place a safe amount of insulating rubber over them.

## The Toro Hand Greensmower

A precision machine, built to close measurements. Cuts creeping bent or any grass green without special effort by the operator and without leaving corrugations or ridges. For smooth, true greens . . . use a Toro. Write for details.

**TORO MANUFACTURING CO.**

### SPALDING BALLS HAVE NEW CONSTRUCTION DETAILS

New York City—Spalding's Tournament, Topflite, PGA Championship and PGA Black golf balls for 1935 have new and improved construction of which a main feature is a tougher cover on these distance balls. In addition to increased durability the Spalding people announce added distance as the result of five years' intensive research devoted to these balls. All

When you need safe buying advice, ask GOLFDOM's advertisers

these balls, made for the low handicap player, are 75 cents retail.

The Spalding Needled Kroflite and the Spalding PGA Red, for the average player who wants to slam them far and have the balls stand up under vicious hacking, remain the same highly satisfactory construction as last year. Spalding balls are available only in dimple construction.

**PENFOLD ADDS BOB JACKSON AND LACY IN MIDWEST**

Chicago, Ill.—R. A. (Bob) Jackson and B. A. Lacey, both well-known veterans in the distribution of golf playing equipment in the midwest, have joined the Penfold golf ball force and will make headquarters at 218 South Wabash ave. They will handle Illinois and Wisconsin. George Braid, another veteran who has been with Penfold for a year, now has his territory increased to include Indiana, Michigan, Kentucky and the western half of Ohio.

ST. LOUIS, MO.

pearance offers clubs the chance to add touches of color to their course.

"One club in the Chicago district," reports Lewis Parks, secretary of the company, "has found an interesting use for the colored washers. It uses one color at the tees of the out-nine and another color for the in-nine. This serves to reduce confusion in strangers when one green has two or more tees nearby."

The colored washers list at 25c higher than the white.

### DUNLOP HAS FREE PRO BOOKS ON GOLF AND TENNIS

New York City—"Swinging Thru" by Craig Wood and "Stroking and Court Tactics" by Vincent Richards are two attractive and interesting new booklets on golf and tennis put out for free distribution at pro shops by the Dunlop Tire & Rubber Corp.

Both of these books are designed to stir up business for the pros. Craig is Dunlop's director of golf equipment and doped out his book so it would help stir up golf interest and lesson business for pros. Vinnie Richards, who at a tender age was the father of pro tennis on a high finance basis and now is Dunlop's head man in the sports dept. put out his book to increase tennis business. It is one of the acknowledged classics, even though it's free. Golf pros are getting a lot of tennis ball and racquet business and Vinnie figures this booklet of his will help them sell.

Supplies of the valuable booklets will be sent free to pros who will use their

## Lime Crest Calcite

(PULVERIZED)

A PERFECT natural carbonate of lime which will do wonders for your grounds and fairways. Will act quickly, because it consists of very finely divided particles in crystalline form. Yet LIME CREST Calcite positively will not injure vegetation and can be applied at any time in any amounts. Influence on the soil is sweetening, so benefits from all applications are permanent.

For lasting, low-cost improvement of golf courses, use LIME CREST Calcite (pulverized).

**LIMESTONE PRODUCTS CORP. OF AMERICA** Dept. M-5 Newton, N. J.

### WHITNEY GOIT, INC., MOVES KC HEADQUARTERS

Kansas City, Mo.—Whitney Goit, Inc., golf course equipment and supply dealers, have moved general offices from 1230 W. 8th st. to 1703 Baltimore, this city.

### GOLF REGISTER EXTENDS LINE CUTS PRICES

Pittsfield, Mass.—Heavy production requirements based on popular acceptance of Golf Register, the invention of General Electric engineers which registers slice, hook, distance and direction on a real golf ball inside of a few feet, have resulted in adding two new models and lowered prices. Effective at once, the Master model Golf Register has been reduced from \$10, to \$9.50, the Compact model from \$6.75 to \$6.50, and a new model, known as the Silent model, has just been announced at \$5.50.

While the Silent model is noiseless except for the thud of the golf ball, its accuracy is not as high as the other models. The Silent model however can be used indoors or outdoors, which is a distinctive feature of this simple yet scientifically designed practice device.

All French Line boats are being equipped with Golf Register, and sales have extended to Europe, Asia, South Africa as well as North and South America. In addition to the outlet through A. G. Spalding & Bros. and other stores, pros find a nice margin in the device.
