### WHITNEY GOIT, INC., MOVES KC HEADQUARTERS

Kansas City, Mo.—Whitney Goit, Inc., golf course equipment and supply dealers, have moved general offices from 1230 W. 8th st. to 1703 Baltimore, this city.

### GOLF REGISTER EXTENDS LINE CUTS PRICES

Pittsfield, Mass.—Heavy production requirements based on popular acceptance of Golf Register, the invention of General Electric engineers which registers slice, hook, distance and direction on a real golf ball inside of a few feet, have resulted in adding two new models and lowered prices. Effective at once, the Master model Golf Register has been reduced from \$10, to \$9.50, the Compact model from \$6.75 to \$6.50, and a new model, known as the Silent model, has just been announced at \$5.50.

While the Silent model is noiseless except for the thud of the golf ball, its accuracy is not as high as the other models. The Silent model however can be used indoors or outdoors, which is a distinctive feature of this simple yet scientifically designed practice device.

All French Line boats are being equipped with Golf Register, and sales have extended to Europe, Asia, South Africa as well as North and South America. In addition to the outlet through A. G. Spalding & Bros. and other stores, pros find a nice margin in the device.
