

ONE UP AND FOUR TO GO!

Whether it's four or fourteen steps to the locker the hazards are the same, even though the floor may look clean . . . the "athlete's foot" germ that lurks on locker room floors is *no* respecter of class or cleanliness. Slip on a pair of fresh, clean SANI-TREADS, and walk in comfort and safety to your locker. Discriminating clubs provide SANI-TREADS for the convenience of members.

The original SANI-TREADS with their exclusive, patented features are obtainable at rock - bottom prices. Protect YOURSELF against cheap imitations by looking for the name SANI-TREADS stamped on every slipper.

and wear me out while I'm trying my best and lying awake nights in an effort to figure out how I can get them to do what I know will have to be done to get good golf into their minds and muscles? I don't think so. They are entitled to the best and most fitting instruction, and it's my job to see that they get it even if I can't give it to them. Hence my confidence that, with Angel, we at Lake Shore can take care of every type of temperament in pupils.

"Another thing about it is that conscientious instruction is very hard work; too hard for a man to do his best by all of his pupils when he has to stand on a lesson tee from seven to nine hours a day. Successful business men and teachers in other lines know that such a strenuous schedule destroys hope of 100% results. Why pro golfers should think that they can stand this sort of strain and give all their pupils the best that's in them, I don't know. I tried it for years and I couldn't find the answer until I got de la Torre.

"Almost every good pro knows the embarrassment and danger when he has two important members demanding the same time for lessons. When one is sent to a kid assistant for instruction that member resents it. But in my case the Lake Shore members all know that they are getting competent instruction without any discrimination in treatment.

"I can go out and think of nothing else but the pupil I have, instead of wondering
