GRASS SEED SPECIALISTS FOR FIFTY YEARS

**INSTANT PEP FOR
PUTTING GREENS**

**McCLAIN • SPIKER
AND PERFORATOR**

Don't let your Greens get "hardening of the arteries". Keep them bristling with life by regularly perforating the surface with millions of small holes made by smooth round spikes.

Let air, sun and water down into the roots of the grass for producing real-playing Greens.

Revive hard packed turf for quick action of chemicals and fertilizer.

Save on fungicides and prevent Brown Patch by using this inexpensive machine. Hand or power operated.

Write for literature today.

—HAVE BETTER TURF!**

Rototiller does a complete job in ONE operation — really a greenkeeper's idea of Paradise! Major Butts Golf Course Discs introduce all the essentials into established greens and fairways, making them evenly grassed and patch-free.

Engine driven tines prepare deep, finely pulverized, completely aerated putting green foundation — fertilizer worked in evenly from top to bottom — ready for planting. Rototiller also tills soil, weeds out quack grass, and with accessories, mows lawns and rolls greens. It'll pay for itself in a hurry! Write for catalog.

a ball off a human tee with a full stroke of the club. He can also hit a ball off the top of a bottle without jarring the bottle, and can hit four balls

Jack Redmond is shown using a niblick to 'sink' his ball over the rim of one glass placed on top of another.

in one swing. Redmond recently "played his way" around the world in 36 holes of golf, completing one hole at each stop on a tour that carried him through India, Hawaii, South America, Australia and Europe.

Conn. Supts. Have Big July Meeting— July meeting of the Connecticut Assn. of Golf Course Superintendents was held July 8 at the Wykagyl CC, New Rochelle, N. Y. Fifty greensmen attended the affair which included golf in the afternoon, inspection of putting test plots, a swell meal at the club where Ed Casey is host superintendent, and an after-dinner discussion program.

Featured speakers were Dr. O. B. Dodge, of the New York City Botanical Gardens, who spoke on fungi, illustrating his talk with lantern slides, and Gregory Clement and Chas. Sawtelle, who gave illustrated talks on plant diseases. Earlier in the afternoon Ed Casey had shown his guests the test green plots of the USGA; the greenmen, here, were asked to rate their choice of strains. Casey also showed

a fifth wheel and tachrometer tractor attachment, used to haul a power spray rig for weed control, which attracted considerable interest.

Greenkeeper George Moquin of the Manchester (Conn.) CC, was evidently on his best game because he carried away the first prize, a new golf bag, in the golf tournament. Wm. Perkins, supt., Yale U. GC, New Haven, won second prize, and John Pelos, greenkeeper at Greenfield Hill CC, Fairfield, Conn., was third.

—GSA News Bureau.

Wisconsin Greenkeepers Having Good Year—July meeting of the Wisconsin Greenkeepers Assn. was held at the Tripoli CC, Milwaukee, where Will Nielson superintends. Forty greensmen attended the meeting, the feature of which

was a question and answers session and general discussion.

Paul Brockhouser, Blue Mound CC greenkeeper, reported that despite excessive rains, his course was in tip-top shape for the recent Women's Western Open championship, and that the contestants praised the layout highly. Ray Rolfs, superintendent at North Hills CC, spoke briefly regarding the Milwaukee Open event, which was scheduled to be played over his course Aug. 1-4. Members of the Wisconsin greenkeepers group would be admitted free to the tournament upon presentation of their 1940 membership cards, it was announced.

The monthly meetings of the Wisconsin organization have been very well attended right along, and we feel we have made real progress this year. August meeting of the group is scheduled for the Janesville CC on August 5. Orval Decker is the host greenkeeper. O. C. Williams, Secy.

THE CONSECO TOILET SEAT COVER

- An appreciated sanitary courtesy.
- Reduces restroom expense.
- Eliminates litter and plumbing stoppages caused by use of makeshift covers.
