Fate-Root-Heath Co., Plymouth, Ohio, manufacturers of the well known Ideal and Peerless lawnmower sharpeners, announce a new type of blade grinder for power lawnmowers. The new Peerless blade grinder is designed to meet the demand for an accurate low priced machine to properly sharpen straight or base blades with a cup grinding wheel up to and including 36 inches in width. With the cup grinding wheel a flat, straight surface is obtained. The machine can be mounted on a work bench or floor stand. The space required is 65"x25".

The Peerless blade grinder sharpens both edges of the straight or base blades as well as reels when removed from the mowers, giving them the proper relief or bevel to assure the best results. All adjustments are fast and simple, and the machine has a wide range of work other than mowing units, due to its flexibility. Complete details on the new sharpener may be obtained from the company.

Town Talk Mfg. Co., Baxter Ave. Station, Louisville, Ky., is now featuring a new combination Town Talk hat model. The new model has a neck guard which is used to prevent sunburn. The neck guard, when not in use, appears to be merely lining of the cap, but when 'Old Sol' begins to beat down plenty hard, it comes in mighty handy in keeping the sun from burning the neck. Details on the new Town Talk combination models, plus information on the complete company line, may be obtained by writing the manufacturers.

"Dunlop's campaign, 'Break 100-90-80 Drives For Better Golf,' is meeting with unusual response everywhere" says Vincent Richards, general manager of Dunlop's Sports Division.

Recently given prominent mention in "Printer's Ink" and "The Direct Mail Reporter," the response from pros throughout the country has been amazing. Returns up to May 16 exceeded 12% of all
