

Are Your Members Slipping... ?

1. ON STEPS—MELFLEX molded rubberized-fabric treads stop slipping and prevent accidents. They have highest frictional resistance wet or dry—and last for years under hardest wearing conditions.

2. IN CORRIDORS—MELFLEX "Mel-Isle" runners resist the cutting action of cleats. They provide a SAFE walking surface for all feet, however shod or unshod. "Mel-Isle" is best for locker rooms, too, because it cushions and protects.

3. IN SHOWERS—MELFLEX rubberized fabric shower mats provide a firm footing always. They are more sanitary. They last for years and stay "put."

J. Victor East Joins Wilson's Staff

J. VICTOR EAST has joined the staff of Wilson Sporting Goods Co. as a consultant on research, manufacture and promotion in golf.

East was with Spalding's for a number of years, and prior to that association was a professional at Biltmore Forest and Longmeadow clubs in the U. S. A., and at clubs in Australia. He was born in Australia of Scotch parents and became a clubmaker's apprentice as a boy, continuing his school work during time away from the bench.

East has been responsible for several important inventions in golf club design and construction, and is internationally known as an authority on golf equipment and pro business development.

The Perfect Solution to a Troublesome Greens Problem!

The "GREENS DOCTOR"

Piston Type Turf Plugger

The "Greens Doctor" cuts a 1 3/4" diam. plug of turf 2" deep, and its plunger pushes out the plug. Ideal for removing ball bruises, ant hills, worm casts and such weeds as *poa annua*. Holes can be replaced same way, by lifting turf from edge of green.

Efficient—Easy on the Back

The "Greens Doctor" is 3 ft. high, permitting work without bending. Its sturdy steel construction will wear forever; nothing to get out of order. Lift handle, insert tool in damaged spot and plug lifts out easily. Push handle and piston ejects plug. Rubber handle and grip protect hands. Order a "Greens Doctor" today and your greens repair problem will be solved!

DEALERS: Write for Proposition

'Scotty' Martin Succumbs—John H. (Scotty) Martin, pro at Fort Morgan (Colo.) CC, died March 3, after a lingering illness which had kept him bedridden since Sept. 6. Mr. Martin was born in Edinburgh, Scotland, in 1879, coming to the U. S. when he was 18. He had been employed at a number of clubs in Nebr., Montana, and Canada, before coming to the Fort Morgan club in the fall of 1939.

WHAT'S NEW

At Pinehurst's traditional North and South Open, A. G. Spalding & Bros. announced its 1941 headline golf pro news about needling—that patented shot-in-the-arm for Spalding golf balls. Needling, reports Spalding, will be available through pro-shops only in 1941. Needling, the power injection plus the famous Spalding True-Solution center that gives new distance and control, Spalding declares "steps up" inside pressure of a perfectly balanced ball so that even the average player can get the great kick that comes from giving a "power ball" a straighter ride!

The Spalding needled Double Dot is the toughest ball to ever survive a mashie massacre, Spalding
