Letter to the Editor

It has been a long time since I have batted anything out for you. Thought I would get some good golf tales for GOLF-DOM in the foreign parts we have entered but was laid up with jungle rot and hardly able to navigate to the chow hall let alone the nineteenth hole. Bud Ward has laid out a one-holer in the jungles and practices continually with a club made out of a piece of pipe. It looks like one of those things we used as a kid to play shinny-on-your-own-side. Smiley Quick, of Southern California, is batting away at sea-urchins on one of the islands with a Japanese putter he found in a pill box. . . .

S 1/c Jack Morris, now in the
South Pacific.
